Nouryon awards a Master Services Agreement to Worley

Nouryon Chemicals B.V. (Nouryon) has awarded a Master Services Agreement (MSA) to Worley to provide engineering, procurement and construction management (EPCM) services. Under the agreement the services will be provided to twenty of Nouryon's chemicals sites across Europe over a period of five and a half years.

In addition to the MSA, 50 of Nouryon's people have transferred to Worley's Europe business, enabling a seamless delivery of EPCM services through industry knowledge and expertise.

"The relationship with Nouryon strengthens our position in the chemicals market, consistent with our strategy. The transfer of the Nouryon team enhances Worley's deep knowledge and skills of the chemicals market," said Andrew Wood, Chief Executive Officer of Worley.
