About Xenitra Limited

Xenitra specialises in fast-moving consumer goods (FMCG), nutraceuticals, over the counter (OTC) medicines and personal care products distributed through a channel-optimised sales ecosystem incorporating blockchain-enabled tokenised distribution channels spanning Business-to-Business (B2B) trading, retail distribution and ecommerce platforms in China. Xenitra is one of the first Australian companies to commercially deploy Real World Asset ("RWA") tokenisation integrated directly into mainstream FMCG sales channels in China. The Company's established ecommerce, livestream commerce and distributor infrastructure across China and Australia provides a scalable platform to onboard additional international and domestic brands into the OPAL ecosystem.
