EXPLANATORY STATEMENT

1. INTRODUCTION

This Explanatory Statement has been prepared for the information of Shareholders of Zeotech Limited ("the Company") in connection with the business to be conducted at the annual general meeting of Shareholders to be held on Monday, 28 November 2022 at 9.00am (WST).

The purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

2. 2022 ANNUAL REPORT

In accordance with the Constitution and the Corporations Act, the business of the Annual General Meeting will include receipt and consideration of the Annual Financial Report of the Company for the financial year ended 30 June 2022 together with the declaration of the Directors, the Director's Report, the Remuneration Report and the Auditor's Report.

In accordance with the Corporations Act, the Company is no longer required to provide a hard copy of the Company's Annual Financial Report to Shareholders unless a Shareholder has specifically elected to receive a printed copy.

Whilst the Company will not provide a hard copy of the Company's Annual Financial Report unless specifically requested to do so, Shareholders may view the Company Annual Financial Report on its website at www.zeotech.com.au.

No resolution is required for this item, but Shareholders will be given the opportunity to ask questions and to make comments on the management and performance of the Company.

The Company's auditor will be present at the Meeting. During the discussion of this item, the auditor will be available to answer questions on the:

- Conduct of the audit;
- Preparation and content of the Auditor's Report;
- Accounting policies adopted by the Company in relation to the preparation of the financial statements; and
- Independence of the auditor in relation to the conduct of the audit.

3. ADOPTION OF REMUNERATION REPORT – Resolution 1

3.1 General

Pursuant to section 250R(2) of the Corporations Act, the Company is required to put the Remuneration Report to the vote of Shareholders. The Directors' Report for the year ended 30 June 2022 contains the Remuneration Report which sets out the remuneration policy for the Company and reports on the remuneration arrangements in place for the Directors and Key Management Personnel.

Resolution 1 is advisory only and does not bind the Directors of the Company. Of itself, a failure of Shareholders to pass Resolution 1 will not require the Directors to alter any of the arrangements in the Remuneration Report.

A reasonable opportunity will be provided for discussion of the remuneration report at the Annual General Meeting.

3.2 Voting consequences

If at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report in two consecutive annual general meetings, the Company will be required to put

to Shareholders a resolution proposing the calling of an extraordinary general meeting to consider the appointment of directors of the Company (**Spill Resolution**) at the second annual general meeting.

If more than 50% of shareholders vote in favour of the Spill Resolution, the company must convene the extraordinary general meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

4. RE-ELECTION OF DIRECTOR – Resolution 2

4.1 General

Resolution 2 relates to the re-election of Ms Sylvia Tulloch as a Director.

In accordance with the requirements of clause 6.3 of the Company's Constitution and the Corporations Act, one-third of the directors of the Company retire from office at this annual general meeting of the Company.

Ms Sylvia Tulloch, who has served as a director since 7 July 2020, and was last re-elected on 27 November 2020, retires by rotation and seeks re-election.

4.2 Qualifications and other material directorships

Sylvia Tulloch BSc, MASc (Non-Executive Chairman)

Sylvia is a materials scientist, with many years' experience in establishment and management of high technology businesses, with a focus on commercialisation, mineral processing technologies and the cleantech sector. Sylvia holds a Bachelor of Science and Masters in Materials Science from the University of New South Wales and is an investor in and Director of many start-up companies, has founded and taken 2 companies to ASX listing and held government advisory positions in the start-up, renewable energy, and manufacturing sectors. She is also currently Chairman of Griffin Accelerator Holdings – ACT's only start-up business accelerator program and is on the board of The Canberra Innovation Network.

Ms Tulloch is presently not a director of any other ASX-listed company.

4.3 Independence

Ms Tulloch has no interests, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company and its security holders generally.

If re-elected, the Board considers Ms Tulloch will be an independent Director.

4.4 Board recommendation

The Board has reviewed Ms Tulloch's performance since her appointment to the Board and considers that Ms Tulloch's skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, all the Directors, except for Ms Tulloch, recommend that Shareholders vote in favour of Resolution 2.

5. RATIFICATION OF PRIOR ISSUE OF SHARES AND OPTIONS – Resolution 3

5.1 General

On 30 September 2022, the Company issued 52,617,380 Shares to sophisticated investors at an issue price of \$0.042 per Share to raise \$2,209,930, as announced on 26 September 2022. For every two (2) Shares issued the subscriber also received one (1) free attaching unlisted option with an exercise price of \$0.10 each and expiring on 30 September 2024 (together the **Placement Securities**).

The Company issued the Placement Securities utilising the 15% annual limit set out in Listing Rule 7.1 (described below). By issuing those Placement Securities utilising these rules, the Company's capacity to issue further equity securities without Shareholder approval within those limits was accordingly reduced.

Resolutions 3(a) and 3(b) seek Shareholder approval for the prior issue of the Placement Securities to the placees noted below. They are proposed as ordinary resolutions and will be passed if more than 50% of the votes cast by Shareholders entitled to vote are in favour of each of the Resolutions.

5.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that 12 month period.

The issue of the Placement Securities does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the placement capacity available under Listing Rule 7.1, reducing the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of issue of the Placement Securities.

5.3 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of Equity Securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further Equity Securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, Resolution 3(a) and (b) seek Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Placement Securities.

5.4 Technical information required by Listing Rule 14.1A

If Resolution 3(a) and (b) are passed, the Placement Securities will be excluded in calculating the Company's combined 15% limit in Listing Rule 7.1, effectively increasing the number of Equity Securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Securities.

If Resolution 3(a) and (b) are not passed, the Placement Securities will be included in calculating the Company's 15% placement capacity under Listing Rule 7.1, effectively decreasing the number of Equity Securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Securities.

5.5 Technical information required by Listing Rule 7.5

The following information is provided for the purposes of Listing Rule 7.5:

- (a) 52,617,380 Shares were issued under the Company's Listing Rule 7.1 (15%) capacity (Resolution 3(a));
- (b) 26,308,690 Options were issued under the Company's Listing Rule 7.1 (15%) capacity (Resolution 3(b));
- (c) The Shares (Resolution 3(a)) were issued at \$0.042 per Share, together with one (1) free attaching Option for every two (2) Shares subscribed for and issued (Resolution 3(b));
- (d) The Shares and Options were issued on 30 September 2022;

- (e) The Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares. The Options were issued on the terms and conditions set out in annexure A;
- (f) The Shares and Options were issued to non-related party investors identified by the Company, who were "Sophisticated Investors" within the meaning of section 708(8) of the Corporations Act or other investors to whom the Company may issue securities without a disclosure document pursuant to section 708 of the Corporations Act. The recipients were identified through a bookbuild process, which involved the Company seeking expressions of interest to participate in the capital raising from non-related parties of the Company;
- (g) In accordance with paragraph 7.4 of ASX Guidance Note 21, the Company confirms that none of the recipients were:
 - (i) related parties of the Company, members of the Company's Key Management Personnel, substantial holders of the Company, advisers of the Company or an associate of any of these parties; and
 - (ii) issued more than 1% of the issued capital of the Company;
- (h) Funds raised from the capital raising will primarily be applied to:
 - Progressing the Company's high-grade Toondoon kaolin project (ML 80126);
 - Funding a research program with Griffith University to develop and validate the application of Zeotech products for controlling landfill methane emissions; and
 - Support the fit-out of the Company's new lab facilities at Brisbane Technology Park to grow inhouse research capability and sample production capacity.
- (i) The Shares were not issued under an agreement; and
- (j) A voting exclusion statement is included in the Notice.

5.6 Directors' Recommendation

The Directors unanimously recommend Shareholders vote in favour of Resolutions 3(a) and 3(b).

6. APPROVAL OF 10% PLACEMENT CAPACITY – Resolution 4

6.1 Background

Resolution 4 seeks Shareholder approval for an additional issuing capacity under ASX Listing Rule 7.1A (**Additional Placement Facility**).

If approved, Resolution 4 would enable the Company to issue additional Equity Securities (calculated below) over a 12-month period without obtaining Shareholder approval.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without approval of its shareholders over any 12-month period to 15% of the fully-paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An "eligible entity" means an entity which is not included in the S&P/ASX 300 index and which has a market capitalisation of \$300 million or less. The Company is an eligible entity for these purposes.

Resolution 4 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval.

If Resolution 4 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 4 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

6.2 Information on Additional Placement Facility

(c) Quoted securities

Any Equity Securities issued under the Additional Placement Facility must be in the same class as an existing class of Equity Securities of the Company that are quoted on ASX.

As at the date of this Notice, the Company has one class of Equity Securities quoted on ASX, being its Shares (ASX Code: ZEO).

(d) Formula for Additional Placement Facility

If this Resolution 4 is passed, the Company may issue or agree to issue, during the 12-month period after this Meeting, the number of Equity Securities calculated in accordance with the following formula.

$$\text{Additional Placement Capacity} = (A \times D) - E$$

where:

A = the number of fully-paid ordinary securities on issue at the commencement of the relevant period:

- plus the number of fully-paid ordinary securities issued in the relevant period under an exception in ASX Listing Rule 7.2 other than exception 9, 16, or 17;
- plus the number of fully-paid ordinary securities issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully-paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully paid ordinary securities issued in the relevant period with approval under Listing Rule 7.1 or ASX Listing Rule 7.4;
- plus the number of partly-paid ordinary securities that became fully-paid in the relevant period;

- less the number of fully-paid ordinary securities cancelled in the relevant period;

D = 10%; and

E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by Shareholders under Listing Rule 7.4.

6.3 ASX Listing Rule requirements

In accordance with Listing Rule 7.3A, the following information is provided in relation to the proposed approval of the Additional Placement Facility:

(e) Period for which the approval will be valid

The Additional Placement Facility would commence on the date of the Meeting and expire on the first to occur of the following:

- the date that is 12 months after this Meeting;
- the time and date of the Company's next annual general meeting; or
- the time and date of the approval by Shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).

(f) Minimum price at which equity securities may be issued

Any Equity Securities issued under the Additional Placement Facility must be in an existing quoted class of the Company's securities and issued for cash consideration per security which is not less than 75% of the VWAP for securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the securities are to be issued is agreed; or
- if the securities are not issued within 10 trading days of the above date, the date on which the securities are issued.

(g) Purposes for which the funds raised by an issue of equity securities may be used

The Company may issue Equity Securities under the 10% Placement Capacity for cash consideration only, and the Company intends to apply funds raised towards the exploration of the Company's mineral tenements with the objective of identifying economic mineral deposits; to develop and commercialise the Company's novel and proprietary zeolite mineral processing technology that consumes kaolin or suitable mine tailings / residues to produce high value zeolites; and general working capital (including corporate and administration costs).

(h) Risk of economic and voting dilution

If Resolution 4 is passed and the Company issues securities under the Additional Placement Facility, there is a risk to existing Shareholders of economic and voting dilution, including the risk that:

- the market price for Equity Securities in the same class may be significantly lower on the issue date of the new Equity Securities than on the date of this Meeting; and
- the new Equity Securities may be issued at a price that is at a discount to the market price for Equity Securities in the same class on the issue date.

The table below identifies the potential dilution to existing Shareholders following the issue of Equity Securities under the Additional Placement Facility (based on the formula set out above) using different variables for the number of issued Shares and the market price of Shares.

The numbers are calculated on the basis of the latest available market price of Shares before the date of this Notice and the current number of Shares on issue.

Number of Shares on Issue	Dilution			
	Number of Shares issued under 10% Placement Capacity	Funds raised based on issue price of \$0.0205 (50% decrease in issue price)	Funds raised based on issue price of \$0.041 (issue price)	Funds raised based on issue price of \$0.082 (100% increase in issue price)
1,561,915,470 (Current)	156,191,547	\$3,201,927	\$6,403,853	\$12,807,707
2,342,873,205 (50% increase)	234,287,321	\$4,802,890	\$9,605,780	\$19,211,560
3,123,830,940 (100% increase)	312,383,094	\$6,403,853	\$12,807,707	\$25,615,414

Notes: The above table has been prepared on the following bases/assumptions:

1. The latest available market price of Shares before the date of this Notice, being \$0.041.
2. The Company issues the maximum number of Equity Securities available under the Additional Placement Facility.
3. Existing Shareholders' holdings do not change from the date of this Meeting to the date of the issue under the Additional Placement Facility.
4. The Company issues Shares only and does not issue other types of Equity Securities (such as Options) under the Additional Placement Facility.
5. The impact of additional issues of securities under ASX Listing Rule 7.1 or following the exercise of options is not included in the calculations.
6. Economic dilution for the table above is calculated using the following formula:

$$ED = (MP - (NMC / TS)) / MP$$

where:

MC = market capitalisation prior to issue of Equity Securities, being the MP multiplied by the number of Shares on issue;

MP = the market price of Shares traded on ASX, expressed as in dollars;

NMC = notional market capitalisation, being the market capitalisation plus the NSV;

NSV = new security value, being the number of new Equity Securities multiplied by the issue price of those Equity Securities; and

TS = total Shares on issue following new Equity Security issue.

(i) Allocation policy

The Company's allocation policy for the issue of Equity Securities under the Additional Placement Facility will depend on the prevailing market conditions at the time of the proposed issue. The allottees will be determined on a case-by-case basis having regard to the factors such as:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing Security holders can participate;

- (ii) the effect of the issue of the new securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate and other advisors.

As at the date of this Notice, the Company has not identified any proposed allottees of Equity Securities using the Additional Placement Facility. However, the eventual allottees may include existing substantial Shareholders, other Shareholders and/or new investors.
