28 November 2025

ZEOTECH RECEIVES $0.96m R&D INCENTIVE PAYMENT

Emerging mineral processing technology company Zeotech Limited (ASX: ZEO, "Zeotech" or "the Company") is pleased to advise that it has received a cash refund of $960,762.21 from its R&D tax incentive claim for the financial year ended 30 June 2025.

The Australian Federal Government's R&D Tax Incentive Program provides a cash refund on eligible research and development activities performed by Australian companies and is a valuable program that supports Australian innovation.

The refund received relates to the Company's expenditure on the development of its high reactivity metakaolin research for low-carbon cement and concrete from its high-purity Toondoon kaolin project, together with its proprietary mineral processing technology for the sustainable production of manufactured zeolites, and methane emissions control in field trials and technology development.

The $1 million secured R&D loan arranged by the Company in March 2025 was repaid on 31 October 2025, from cash on hand.

This announcement has been approved by the Board.

About Zeotech

Zeotech Limited (ASX: ZEO) is a team of dedicated people working together to build a future-focused company, leveraging wholly-owned high-grade kaolin resources to produce high-reactivity metakaolin for the low-carbon concrete market and advanced materials for greenhouse gas (GHG) mitigation, such as zeolites for fugitive methane control.
