¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its Annual Report of the Company for the FY end 30 June 2024 either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its Annual Report of the Company for the FY end 30 June 2024 with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its Annual Report of the Company for the FY end 30 June 2024 with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT

1.5	The Company should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and (c) disclose in relation to each reporting period: (1) the measurable objectives set to that period to achieve gender diversity; (2) the entity's progress towards achieving those objectives; and (3) either: (a) if the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined 'senior' executive for these purposes); or (b) if the entity is a 'relevant employer under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.	Partially Complying	The Company is committed to the principles of employing people with a broad range of experiences, skills, and views. All executives, managers and employees are responsible for promoting workforce diversity. The Company has adopted a Diversity Policy which can be viewed on the Company's website. The Diversity Policy outlines the requirement to set measurable objectives and the process of monitoring and reporting on the effectiveness of these objectives to the Board to be undertaken by the CEO. However, due to the size of the Company and the stage of the Company's development, diversity related initiatives remain aspirational, and no measurable objectives were set during the reporting period. The Company is not a relevant employer under the Workplace Gender Equality Act. The Company defines "senior executive" as a person that has overall responsibility for one or more business functions. As at 30 June 2024, the proportion of women and men across the levels of Board, senior management and total employees were as follows: • female directors: 0% • female employees who are senior managers/ executives: 0% • female employees in the whole organization: 0%. • female contracted service providers in the whole organization: 40%. Given the current size and stage of development of the Company, the Board has not considered it necessary to formally set measurable objectives for achieving gender diversity. However, the Company is committed to an inclusive workplace that embraces and promotes other aspects of diversity, including but not limited to age, ethnicity, cultural background, qualifications, and experience, as part of its corporate culture. The Company does not believe this departure from recommendation 1.5 to be detrimental to shareholders.
