ASX RELEASE 2 December 2024

Board recomposition completed

Zimi Limited (**ASX:ZMM**) ("**Zimi**", or the "**Company**"), an Australian company specialising in innovative IoT electrical devices, confirms the appointment of Joshua Newell and Richard Brown as Non-Executive Directors, effective 1 December 2024. These appointments form part of the Board recomposition that was previously announced on 25 October 2024.

Mr Joshua Newell – The Managing Director of Zencontrol, Harcroft Lighting Pty Ltd and Evolt Pty Ltd, Josh is operating at the forefront of the global lighting control and smart building industries. He holds degrees in both Microelectronics Engineering and Information Technology from Griffith University, which have shaped his technical expertise and leadership in these fields. His extensive experience in smart infrastructure and building technology has positioned him as a key figure in shaping the future of smart buildings globally.

Mr Richard Brown – Brings over 20 years of entrepreneurial experience, having built global brands and led successful market expansions across various industries. His career includes significant achievements in scaling businesses, driving export growth, and fostering international partnerships. Richard has played a key role in developing high-performing teams and spearheading strategies that have resulted in measurable growth and enhanced market presence. His extensive industry relationships have been instrumental in opening doors for international collaborations and business expansion.

– Ends –

This release has been approved by the Board.

About Zimi

Zimi Limited (ASX: ZMM) is an Australian technology company focused on creating smarter living and working environments by connecting everyday electrical products to the Internet and to each other. The company's product lines, including Powermesh and Senoa, feature smarter switches, light dimmers, power points, fan controllers, and garage door controllers, all of which can be installed by electricians and are effortlessly managed through Zimi's intuitive home automation app, designed to provide a seamless and highly positive user experience.

Zimi is capitalising on a multi-billion-dollar opportunity within the Australian market alone, reaching customers through leading wholesale, commercial, retail, and trade channels, with partners such as Trader, Steel-Line, Beacon Lighting, Lighting Illusions, Zencontrol and Polyaire.

Looking ahead, Zimi plans to expand its product offerings into new sectors while continuing to expand its product range. The company is also pursuing global expansion opportunities through partnerships with top manufacturers of electrical appliances for residential and commercial applications. As the Internet of Things (IoT) continues to grow, Zimi is well-positioned to tap into the vast opportunities this rapidly evolving market presents.
