About Safe-T® Group Ltd.

Safe-T Group Ltd. (Nasdaq, TASE: SFET) is a global provider of cyber-security and privacy solutions to consumers and enterprises. The Company operates in three distinct segments, tailoring solutions according to specific needs. The segments include, enterprise cyber-security solutions, enterprise privacy solutions, and consumer cyber-security and privacy solutions.

Our cyber-security and privacy solutions for consumers provide a wide security blanket against ransomware, viruses, phishing, and other online threats, as well as a powerful, secured, and encrypted connection, masking their online activity and keeping them safe from hackers. The solutions are designed for both advanced and basic users, ensuring full protection for all personal and digital information.

Our privacy solutions for enterprises are based on our advanced and secured proxy network, the world's fastest, enabling our customers to collect data anonymously at any scale from any public sources over the web using a unique hybrid network. Our network is the only one of its kind that is comprised of millions of residential exit points based on our proprietary reflection technology and hundreds of servers located at our ISP partners around the world. The infrastructure is optimally designed to guarantee the privacy, quality, stability, and the speed of the service.

Our cyber-security solutions for enterprises, designed for cloud, on-premises, and hybrid networks, mitigates attacks on enterprises' business-critical services and sensitive data, while ensuring uninterrupted business continuity. Organizational data access, storage, and exchange use cases, from outside the organization or within, are secured according to the “validate first, access later”

philosophy of Safe-T's zero trust. Our ZoneZero® solutions are available by our reseller, [TerraZone Ltd.](#), a global information security provider, as a solution or cloud service.
