

## **Allot Communications Receives Expansion Orders of Over \$5 Million Dollars from Two Tier-1 Mobile Operators**

### *Allot Service Gateway Tera to provide Value-Added Services to the Operators' Subscribers*

Hod Hasharon, Israel October 10, 2014 - [Allot Communications Ltd.](#) (NASDAQ, TASE: ALLT), a leading global supplier of service optimization and revenue generation solutions for fixed and mobile broadband operators and cloud providers, announced today that it has received expansion orders of over five million dollars from two Tier-1 mobile operators for the Allot Service Gateway Tera for delivering value-added services to the Operators' subscribers. The key offering enabled by Allot is a virtualized security service which protects subscribers and boosts ARPU. This follows a \$15 Million expansion order from another major Tier-1 operator that was announced recently for the Allot Service Gateway Tera and associated value-added services.

"We are pleased to see our Allot Service Gateway Tera continue being adopted and gaining momentum among the world's top operators for delivering digital lifestyle services," said **Gary Drutin, Chief Customer Officer of Allot Communications**. "Allot sees a substantial opportunity for service delivery to operators' subscribers. This will continue to be a growth engine for Allot since operators are always looking for new ways to monetize their assets".

## **Forward Looking Statement**

This release may contain forward-looking statements, which express the current beliefs and expectations of Company management. Such statements involve a number of known and unknown risks and uncertainties that could cause our future results, performance or achievements to differ significantly from the results, performance or achievements expressed or implied by such forward-looking statements. Important factors that could cause or contribute to such differences include risks relating to: our ability to compete successfully with other companies offering competing technologies; the loss of one or more significant customers; consolidation of, and strategic alliances by, our competitors, government regulation; lower demand for key value-added services; our ability to keep pace with advances in technology and to add new features and value-added services; managing lengthy sales cycles; operational risks associated with large projects; our dependence on third party channel partners for a material portion of our revenues; and other factors discussed under the heading "Risk Factors" in the Company's annual report on Form 20-F filed with the Securities and Exchange Commission. Forward-looking statements in this release are made pursuant to the safe harbor provisions contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are made only as of the date hereof, and the company undertakes no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
