Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard (IAS) 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2016 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, *"Interim Financial Reporting"*.

4. New standards, amendments to standards and interpretations issued but not adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning on or after 1 January 2016; however, the Group has not applied following new standards, amendments to standards and interpretations in preparing this condensed consolidated interim financial information:

- *IFRS 15 Revenue from Contracts with Customers*

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including IAS 18 Revenue, IAS 11 Construction Contracts and IFRIC 13 Customer Loyalty Programmes. IFRS 15 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

- *IFRS 16 Leases*

IFRS 16, published in January 2016 replaces the previous guidance in IAS 17 Leases. Under this revised guidance, leases will be brought onto the lessee's statement of financial position, increasing the visibility of their assets and liabilities. It further removes the classification of leases as either operating leases or finance leases treating all leases as finance leases from the perspective of the lessee, thereby eliminating the requirement for lease classification test. The revised guidance has an increased focus on who controls the asset and may change which contracts are leases.

IFRS 16 is effective for annual periods beginning on or after 1 January 2019. Early adoption is permitted provided IFRS 15 Revenue from Contract with Customers is also applied by the Group.
