Dell Services Aligns with AudioCodes on Microsoft Lync Implementations

Dell Services Joins AudioCodes One Voice for Microsoft Lync Program; AudioCodes Joins Dell Accelerate Program for Microsoft Lync 2013

Lod, Israel – Nov 25, 2013 - AudioCodes (NasdaqGS: AUDC), a leading provider of converged voice solutions that enable enterprises and service providers to transition to all-IP voice networks, today announced that it was selected by Dell Services for enabling Unified Communications with Microsoft® Lync™. Capitalizing on the growing adoption of Microsoft Lync by large enterprises worldwide, the partnerships provide solutions that include industry-leading, Microsoft-certified voice networking products and services.

Dell joins the global community of AudioCodes One Voice for Microsoft Lync partners, a unified product and service program intended to simplify and accelerate voice-enablement for Lync implementations with a complete portfolio of IP Phones, Media Gateways, Enterprise Session Border Controllers (E-SBCs), Survivable Branch Appliances (SBAs), Session Experience Manager (SEM) and complete network management tools, support and professional services for voice. The program supports efficient migration to Microsoft Lync and co-existence with current telephony systems in multi-site and multi-national deployments.

“Dell Services shares AudioCodes’ One Voice for Lync vision, and believes that enterprises can smoothly migrate to Lync, and enjoy the many benefits it brings. AudioCodes’ portfolio enables us to effectively address the needs of our customers in the Lync space,” stated Michael Przytula, Managing Director - Global Communication & Collaboration Practice at Dell Services.

AudioCodes has been selected by Dell as the voice networking solution provider for the company’s Accelerate Program for Microsoft® Lync™. The Accelerate Program provides enterprises with bundled consulting services, networking products and user devices to help them rapidly deploy a production implementation of Dell’s UC solution based on Lync 2013.

“AudioCodes is excited to be a key voice networking provider of the Dell Accelerate Program for Microsoft Lync 2013. The program provides AudioCodes with broader access to enterprise Lync opportunities worldwide,” said Nimrod Borovsky, Vice President of Marketing at AudioCodes.
