AudioCodes Reports Second Quarter 2026 Results and Declares Semi-Annual Dividend of 20 cents per share

Or Yehuda, Israel – August 4, 2026 -

Second Quarter Highlights

- Quarterly revenues increased by 3.1% year-over-year to \$63 million;
- Quarterly services revenues increased by 6.2% year-over-year to \$34.6 million;
- GAAP results:
 - Quarterly GAAP gross margin was 65.7%;
 - Quarterly GAAP operating margin was 5.1%;
 - Quarterly GAAP net income was \$0.5 million, or \$0.02 per diluted share.
- Non-GAAP results:
 - Quarterly Non-GAAP gross margin was 65.8%;
 - Quarterly Non-GAAP operating margin was 7.4%;
 - Quarterly Non-GAAP net income was \$3.9 million, or \$0.15 per diluted share;
- Net cash provided by operating activities was \$6.1 million for the quarter.
- AudioCodes repurchased 950,133 of its ordinary shares during the quarter at an aggregate cost of \$8.9 million.

Details

AudioCodes (NASDAQ: AUDC) (the “Company”), a global leader in enterprise voice and VoiceAI business solutions, today announced its financial results for the second quarter ended June 30, 2026.

Revenues for the second quarter of 2026 were \$63 million compared to \$61.1 million for the second quarter of 2025.

Net income was \$0.5 million, or \$0.02 per diluted share, for the second quarter of 2026 compared to net income of \$0.3 million, or \$0.01 per diluted share, for the second quarter of 2025.

On a Non-GAAP basis, net income was \$3.9 million, or \$0.15 per diluted share, for the second quarter of 2026 compared to \$4.1 million, or \$0.14 per diluted share, for the second quarter of 2025.

Non-GAAP net income excludes: (i) share-based compensation expenses; (ii) amortization expenses related to intangible assets; and (iii) financial income (expenses) related to exchange rate differences in connection with revaluation of assets and liabilities in non-dollar denominated currencies. Non-GAAP gross profit, non-GAAP gross margin, non-GAAP operating income and non-GAAP operating margin exclude: (i) share-based compensation expenses and (ii) amortization expenses related to intangible assets. Reconciliations of the non-GAAP measures to their most directly comparable GAAP measures are provided in the tables that accompany the condensed consolidated financial statements contained in this press release.

Net cash provided by operating activities was \$6.1 million for the second quarter of 2026. Cash and cash equivalents, short-term bank deposits, short-term marketable securities, and long-term financial investments were \$64.2 million as of June 30, 2026, compared to \$75.7 million as of December 31, 2025. The decrease in cash and cash equivalents, short-term bank deposits, short-term marketable securities, and long-term financial investments was the result of the use of cash for the continued repurchase of the Company’s ordinary shares pursuant to its share repurchase program and the payment of a cash dividend during the first quarter. This was partially offset by cash generated from operating activities and proceeds from the maturity of marketable securities.

“I am pleased to announce strong financial results for the second quarter of 2026, reflecting well on the execution of our strategic initiative to transform AudioCodes into a voice AI-driven cloud software and services company,” stated Shabtai Adlersberg, President and Chief Executive Officer of AudioCodes.

Second-quarter results were propelled again by sustained momentum across our two principal growth pillars: the Live suite of managed services for UCaaS and CX, alongside our Conversational AI business. Collectively, these segments advanced Annual Recurring Revenue (ARR) to \$84 million, marking an increase of 20% compared to the year ago period. Notably, our Microsoft Teams business maintained its strong momentum, growing 5% year over year.

Consistent with the first quarter of this year, our Conversational AI business grew by more than 50% year over year in the second quarter, reflecting strong and broad-based demand across our Voice AI portfolio. The growing adoption of voice as the most natural and preferred medium for business communication and collaboration is becoming the experience of many and strengthens our confidence in the long-term growth potential of the business. During the quarter, Voice AI Connect and Live Hub delivered record bookings, driven by an accelerating pipeline, consistent new logo acquisition, and significant expansion within our existing customer base. These solutions support both virtual agent and agent-assist capabilities across the growing contact center market, in both cloud and on-premises deployments. Voca CIC, our Microsoft Teams-certified contact center solution has also generated good business progress. In addition, Meeting Insights, our enterprise-grade meeting intelligence solution for cloud and on-premises environments, continues to gain traction as customer interest grows and the opportunity pipeline steadily expands.

“Overall, we achieved our operational and financial targets through maintaining budgetary and managerial discipline. The ongoing investments in Live services and Voice AI have significantly contributed to our current success and position us favorably for continued healthy top-line growth throughout the remainder of 2026,” concluded Mr. Adlersberg.

Share Buy Back Program

In May 2026, the Company received court approval in Israel to purchase up to an aggregate amount of \$25 million of ordinary shares. The court approval also permits AudioCodes to declare a dividend out of any part of this amount. The approval is valid through November 12, 2026.

During the quarter ended June 30, 2026, the Company acquired 950,133 of its ordinary shares under its share repurchase program for a total consideration of \$8.9 million.

As of June 30, 2026, the Company had \$17.4 million available under this approval for the repurchase of shares and/or declaration of cash dividends.

As of June 30, 2026, the total outstanding shares of the Company are 24,590,849.

Cash Dividend

AudioCodes also announced today that the Company's Board of Directors has declared a semi-annual cash dividend in the amount of 20 cents per share. The aggregate amount of the dividend is approximately \$4.8 million. The dividend is payable on September 3, 2026, to all of the Company's shareholders of record at the close of trading on the NASDAQ Global Select Market on August 19, 2026.

In accordance with Israeli tax law, the dividend is subject to withholding tax at source at the rate of 25% of the dividend amount payable to each shareholder of record, subject to applicable exemptions. If the recipient of the dividend is at the time of distribution or was at any time during the preceding 12-month period the holder of 10% or more of the Company's share capital, the withholding rate is 30%.

The dividend will be paid in U.S. dollars on the ordinary shares of AudioCodes Ltd. that are traded on the Nasdaq Global Select Market or the Tel-Aviv Stock Exchange. The amount and timing of any other dividends will be determined by the Company's Board of Directors.

Conference Call & Web Cast Information

AudioCodes will conduct a conference call at 8:30 A.M., Eastern Time today to discuss the Company's second quarter of 2026 operating performance, financial results and outlook. Interested parties may participate in the conference call by dialing one of the following numbers:

United States Participants: 888-506-0062

(1) Share-based compensation expenses related to options and restricted share units granted to employees and others.

(2) Amortization expenses related to intangible assets.

(3) Financial income (expenses) related to exchange rate differences in connection with revaluation of assets and liabilities in non-dollar denominated currencies.

Note: Non-GAAP measures should be considered in addition to, and not as a substitute for, the results prepared in accordance with GAAP. The Company believes that non-GAAP information is useful because it can enhance the understanding of its ongoing economic performance and therefore uses internally this non-GAAP information to evaluate and manage its operations. The Company has chosen to provide this information to investors to enable them to perform comparisons of operating results in a manner similar to how the Company analyzes its operating results and because many comparable companies report this type of information. The non-GAAP measures used by the Company may not be comparable to similarly titled non-GAAP measures used by other companies.
