Clarifications:

1. If the change affects more than one security, detail the impact for each security in a separate row.
2. Change date – all changes of the same type, in the same security, made on the same day, will be summed in one row. For this purpose, changes carried out through the TASE clearinghouse should be separated from changes made directly in the company's books.
3. The change – for a decrease, add the symbol “-”.
4. In all quantity fields, fill in the quantity of securities and not NIS par value.
