Dear Sirs and Madams,

Re: **Confirmation of patent registration in the US**
Concerning Method for Producing Nectar

The Company is honored to inform that its subsidiary (100%), Beeio Honey Technologies Ltd., completed the registration of its first patent concerning nectar production, titled “Nectar Harvesting Systems and Methods” (patent no. US 11,801,518 B1), upon receipt of a granted patent confirmation on behalf of the US Patent and Trademark Office. It is noted that this patent deals with nectar production technology which may be used in the process of producing cultivated honey.

The patent registration, which is the first patent of the Company’s activity of which the registration was completed, constitutes a significant milestone in reinforcing the intellectual property of the Company, as part of the Company’s long-term strategic plan for forming a significant advantage in its area of activity by establishing protection for its intellectual property. In addition, the Company continues to reinforce its intellectual property by filing six additional patent applications for their registration which are currently under examination and which the Company acts for the completion of their

registrations, with one patent application currently under national examination phase in the US¹, 3 patent applications at the PCT phase and 2 patent applications at the provisional phase. All patent applications were filed in the US.

For further details regarding the intellectual property of the Company and Subsidiary, see Section 20 to Chapter A of the Company's periodic report dated December 31, 2022, as reported on March 15, 2023 (Ref No.: 2023-01-027612). In addition, see the Company's report of August 31, 2023 (Ref No.: 2023-01-082282).

The information mentioned in this notice is “Forward-Looking Statement” as defined in The Securities Law, 5728-1968, and the regulations thereunder, based on the information known to the Company as of this date, and on estimates and predictions the realization of which depends, among others, on factors that are outside of the Company's control as stated in this report above, such as completion of the registration of the other patent applications filed by the Subsidiary.

Sincerely,

**Yossi Accav, Chairman of the Board of Directors
David Jerbi, CEO (Temporary) and CFO
BEEIO HONEY LTD.**
