## Note #1

The change arises from the exercise of 10,000 options (not listed for trading) into 6,283 ordinary shares of the company. The options were exercised via a net exercise mechanism, according to which the exercise price is not actually paid to the company but is taken into account when calculating the number of shares the offer recipient is entitled to from the exercise of the options, as detailed in the company's outline dated December 18, 2025 (Reference: 2025-01-101258).

The shares resulting from the exercise of the options were sold on the stock exchange, and the transaction rate mentioned above is the average sale price.
