**FOR IMMEDIATE RELEASE**

**CAMTEK RECEIVES OVER \$3 MILLION MULTIPLE SYSTEMS REPEAT ORDERS  
FROM A GLOBAL OSAT**

*The systems will be used for the inspection and metrology of Advanced Packaging*

**MIGDAL HAEMEK, Israel – January 7, 2016** – Camtek Ltd. (NASDAQ: CAMT; TASE: CAMT), today announced the receipt of repeat orders for multiple systems totaling over \$3 million from a global, world leading OSAT (Outsourced Semiconductors Assembly and Test). The systems will be installed during the first quarter of 2016. The systems will be used for 3D inspection and metrology of advanced packaging applications.

**Ramy Langer, Vice President and Head of Camtek's Semiconductor Division, commented,** "I am happy that our systems are the tool of choice for advanced packaging applications. We have invested great effort supporting the growth of the advanced packaging market segment and are working closely with our customers on improving our systems' performance along with their product yield."

**Continued Mr. Langer:** "With our proven history of results in 3D metrology demonstrated at multiple customers, I am confident that our newly launched capabilities for 2D inspection will gain a significant market share in the short term and become the ultimate tool for 2D inspection and metrology."

**ABOUT CAMTEK LTD.**

Camtek Ltd. provides automated and technologically advanced solutions dedicated to enhancing production processes, increasing products yield and reliability, enabling and supporting customer's latest technologies in the Semiconductors, Printed Circuit Boards (PCB) and IC Substrates industries.

Camtek addresses the specific needs of these interconnected industries with dedicated solutions based on a wide and advanced platform of technologies including intelligent imaging, image processing and functional 3D inkjet printing.
