CELLCOM ISRAEL ANNOUNCES ILA+ /STABLE RATING REAFFIRMED FOR POSSIBLE PRIVATE OFFERING OF DEBENTURES IN ISRAEL

Netanya, Israel – October 21, 2013 – Cellcom Israel Ltd. (NYSE: CEL) (TASE: CEL) (hereinafter: the "Company") announced today that in preparation for a potential private offering of a new series of debentures in Israel only, Standard & Poor's Maalot reaffirmed an ilA+/stable rating for a new series of debentures of up to NIS 70 million that the Company may issue.

The execution, timing, terms and amount of such contemplated private offering have not yet been determined and are subject to a further approval of the Company's Board of Directors. There is no assurance that such offering will be executed, nor as to its timing, terms and amount.

For additional details of the Company's public debentures and debt raising see the Company's annual report for the year ended December 31, 2012 on Form 20-F filed on March 4, 2013, under "Item 5. Operating and Financial Review and Prospects – B. Liquidity and Capital Resources – Debt Service — Public Debentures".

The contemplated offering described in this report, will be made, if made, in Israel to residents of Israel only. The said debentures will not be registered under the U.S. Securities Act of 1933 and will not be offered or sold in the United States. This press release shall not constitute an offer to sell or the solicitation of an offer to buy any debentures.

A security rating is not a recommendation to buy, sell or hold securities, it may be subject to revision or withdrawal at any time by the assigning rating organization, and each rating should be evaluated independently of any other rating.

Forward looking statement

The information included in this press release contains, or may be deemed to contain, forward-looking statements (as defined in the U.S. Private Securities Litigation Reform Act of 1995 and the Israeli Securities Law, 1968). Said forward-looking statements, relating to the execution of the private offering and the amount to be raised are subject to uncertainties and assumptions about the offering and market conditions and sufficient offers received for an adequate price. The actual conditions could lead to materially different outcome than that set forth above.
