Compugen to Present at Oppenheimer 25th Annual Healthcare Conference

Tel Aviv, Israel - December 3, 2014 – Compugen Ltd. (NASDAQ: [CGEN](#)) today announced that Anat Cohen-Dayag, Ph.D., President and Chief Executive Office of Compugen, will present a company overview at the Oppenheimer 25th Annual Healthcare Conference in New York on Wednesday, December 10 at 2:10 p.m. ET.

About Compugen

Compugen is a leading drug discovery company focused on therapeutic proteins and monoclonal antibodies to address important unmet needs in the fields of oncology and immunology. The Company utilizes a broad and continuously growing integrated infrastructure of proprietary scientific understandings and predictive platforms, algorithms, machine learning systems and other computational biology capabilities for the *in silico* (by computer) prediction and selection of product candidates, which are then advanced in its Pipeline Program. The Company's business model includes collaborations covering the further development and commercialization of product candidates at various stages from its Pipeline Program and various forms of research and discovery agreements, in both cases providing Compugen with potential milestone payments and royalties on product sales or other forms of revenue sharing. Compugen's wholly-owned U.S. subsidiary located in South San Francisco is developing monoclonal antibody therapeutic candidates against its drug targets.
