Explanations:

1. If the change affects more than one security, the effect of the change must be detailed in a separate line for each security.
2. Date of the change – all changes of the same type, in the same security, executed on the same day, will be summarized in one line. For this matter – changes executed via the TASE Clearing House must be separated from changes executed directly in the company's books.
3. The change – for a decrease the sign "-" must be added.
4. In all quantity fields the quantity of securities must be filled in and not NIS par value.
