Explanations:

1. If the change affects more than one security, the impact on each security should be specified in a separate line.
2. Date of change — all changes of the same type, in the same security, performed on the same day, should be summed in one line. In this regard, changes made through the TASE Clearinghouse should be separated from those carried out directly in the company's books.
3. The change: For a decrease, add the sign “-”.
4. For all quantity fields, the quantity of securities (not NIS par value) should be provided.
