

## **Elbit Systems Awarded a \$40 Million Contract to Supply a Country in Africa with the Wise Intelligence Technology (WiT™) System**

A unique solution for intelligence analysis and cyber defense, WiT™ supports every stage of the intelligence process

**Haifa, Israel, April 24, 2013 - Elbit Systems Ltd. (NASDAQ and TASE: ESLT)** ("Elbit Systems"), announced today that it was awarded an approximately \$40 million contract to supply a country in Africa with the Wise Intelligence Technology (WiT™) System for Intelligence Analysis and Cyber Defense. The system will be supplied within two years.

A highly advanced end-to-end solution, WiT™ supports every stage of the intelligence process, including the collection of the data from multiple sources, databases and sensors, processing of the information, supporting intelligence personnel in the analysis and evaluation of the information and disseminating the intelligence to the intended recipient. WiT™ will be integrated with various data sources, including Elbit Systems' Open Source Intelligence (OSINT) solution and Elbit Systems' PC Surveillance Systems (PSS), an advance solution for covert intelligence gathering.

Yehuda (Udi) Vered, General Manager of Elbit Systems Land and C<sup>4</sup>I, noted: "We are proud to be selected to supply this unique system, which is already field-proven, fully operational and customizable. Elbit Systems is a world leader in the fields of Intelligence Analysis and Cyber Defense, with proven solutions highly suitable for countries, armies and critical infrastructure sites. We hope that additional customers will follow in selecting our highly advanced and cutting edge systems in these fields as their preferred solution."

### **About Elbit Systems**

This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward Looking Statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
