

Elbit Systems Awarded an Approximately \$32 Million Contract to Supply Australian Federal Police with Advanced Information Management System

Haifa, Israel, August 11, 2013 - Elbit Systems Ltd. (NASDAQ and TASE: ESLT) ("Elbit Systems"), announced today that its Australian subsidiary, Elbit Systems of Australia Pty Ltd (ELSA), was awarded a contract in the amount of approximately \$32 million U.S. dollars (approximately \$35 million Australian dollars) to supply the Australian Federal Police (AFP) with an Investigation, Intelligence and Incident Management (IIIM) Solution to be supplied over a four-year period.

Bezhalet (Butzi) Machlis, President and CEO of Elbit Systems, commented: "Australia is a very significant market for Elbit Systems, and we are extremely proud to be selected by the AFP to supply these unique capabilities. Considered among the world's most advanced and modern police forces, the AFP's selection reflects the quality and maturity of our Intelligence and Analysis capabilities, in which we are a world leader with proven solutions, highly suitable for law enforcement agencies. We hope that additional customers will follow in selecting our advanced and cutting edge capabilities as their preferred solution in these fields."

About Elbit Systems

Elbit Systems Ltd. is an international defense electronics company engaged in a wide range of programs throughout the world. This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward Looking Statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
