

Significant breakthrough for Elbit Systems in the Philippines:

Elbit Systems Awarded an Approximately \$20 Million Contract for the Supply of Upgraded APCs to the Philippines Armed Forces

Haifa, Israel, June 22, 2014 - Elbit Systems Ltd. (NASDAQ and TASE: ESLT) ("Elbit Systems") announced today that it was awarded a contract, valued at approximately \$20 million, for the supply of upgraded armoured personnel carriers (APCs) to the Philippines Armed Forces. The upgrade will include 25 mm unmanned turrets, 12.7 mm remote controlled weapon stations (RCWS) and fire control systems (FCS) for 90 mm turrets. The APCs will be supplied over a one-year period.

The contract marks a significant breakthrough for Elbit Systems, as it is the first one awarded to the company in the Philippines.

Udi Vered, General Manager of Elbit Systems' Land and C⁴I commented: "We are very pleased to be awarded our first contract for the Philippines Armed Forces, which we hope will be followed by others. Our extensive portfolio and our vast experience enable us to offer our customers advanced solutions, answering the specific requirements of various combat vehicles, and this award further positions us as world leaders in the field of ground vehicle upgrades".

About Elbit Systems

Elbit Systems Ltd. is an international defense electronics company engaged in a wide range of programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems ("UAS"), advanced electro-optics, electro-optic space systems, EW suites, signal intelligence ("SIGINT") systems, data links and communications systems and

radios. The Company also focuses on the upgrading of existing military platforms, developing new technologies for defense, homeland security and commercial aviation applications and providing a range of support services, including training and simulation systems.

This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward Looking Statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
