

Elbit Systems Awarded Approximately \$200 Million Contract for the Supply of Hermes™ 900 HFE UAS to Switzerland

Haifa, Israel, November 26, 2015 – Elbit Systems Ltd. (NASDAQ and TASE: ESLT) (“Elbit Systems”), announced today that it was awarded an approximately \$200 million contract from the Swiss Federal Department of Defense, Civil Protection and Sport ("DDPS"), for the supply of Hermes 900 HFE (Heavy Fuel Engine) Unmanned Aircraft Systems (UAS) and an advanced ground segment for command, control and communications. The contract, to be performed over a four-year period, follows the DDPS June 2014 announcement about Elbit Systems selection as the preferred supplier for the UAS 15 new reconnaissance drone program.

The Hermes 900 HFE system, to be supplied to the Swiss Air Force, is an advanced adverse-weather unarmed reconnaissance UAS, offering improved operational capabilities.

Bez halel (Butzi) Machlis, President and CEO of Elbit Systems commented: “Switzerland is a very important market for Elbit Systems, and we are very proud of the DDPS’ decision to choose us as the supplier of the Hermes 900 HFE, a high-end and market leading platform. The DDPS selection attests to our innovative and technological leadership in the area of UAS, supported by the maturity of our systems. We hope this project will pave the way for additional projects both in Switzerland and worldwide”.

About Elbit Systems

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios and cyber-based systems. This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward-looking statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
