Elbit Systems Awarded $24 Million Contract to Supply Tactical Computers for the Royal Netherlands Army

Haifa, Israel, January 6, 2021 – Elbit Systems Ltd. (NASDAQ: ESLT, TASE: ESLT) ("Elbit Systems" or "the Company") announced today that it was awarded an approximately $24 million contract from the Dutch Ministry of Defence ("Dutch MOD") to supply the Royal Netherlands Army ("RNLA") with new vehicular tactical computers. The contract will be performed over a 30-months period.

Elbit Systems will equip various vehicular platforms with its seventh generation Enhanced Tactical Computers ("ETC") MK7 replacing legacy ETCs that were provided by the Company to the RNLA over a decade ago. The new ETCs provide enhanced and more robust Command and Control (C2) and tactical data processing capabilities, improved security for processing and storage of secured mission information, as well as solid growth path for advanced C2 applications.

Haim Delmar, General Manager of Elbit Systems C4I & Cyber, said: "We are pleased with our continuous involvement in digitization programs of the RNLA. We see the Netherlands as a key market for Elbit Systems and intend to continue our partnership with the Dutch MOD and strengthen our local industrial cooperation and investment."

About Elbit Systems

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios, cyber-based systems and munitions. The Company also focuses on the upgrading of existing platforms, developing new technologies for defense, homeland security and commercial applications and providing a range of support services, including training and simulation systems.

This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management's current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company's future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company does not undertake to update its forward-looking statements.
