

Elbit Systems U.S. Subsidiary Awarded \$29 Million in Orders Under ID/IQ Contract to Upgrade U.S. Army Pilots Night Vision Systems

Haifa, Israel, June 17, 2021 – [Elbit Systems](#) Ltd. (NASDAQ: ESLT, TASE: ESLT) ("Elbit Systems") announced today that its U.S. subsidiary, Elbit Systems of America, LLC ("Elbit Systems of America"), recently was awarded two orders with an aggregate value of approximately \$29 million by the U.S. Army's Program Executive Office (PEO) Soldier under an Indefinite Delivery/Indefinite-Quantity (ID/IQ) contract issued in 2020. The orders will be executed from the Elbit Systems of America facility in Roanoke, Virginia with deliveries through September 2021.

Under the orders, Elbit Systems of America will upgrade the U.S. Army active duty and National Guard rotary-wing aviation units' AN/AVS-6 Aviator's Night Vision Imaging Systems (ANVIS) with high performance white phosphor image intensifier tubes. The night vision upgrade to the U.S. Army fleet's legacy ANVIS goggles will replace the existing green image intensification. White phosphor enhances the ANVIS goggles as it presents visuals in black and white detail, which may appear more natural to the eye. The new image intensification tubes will also provide better contrast, along with high image resolution at greater distances for pilots.

Raanan Horowitz, President and CEO of Elbit Systems of America, said: "U.S. Army pilots can successfully achieve their mission and fly with confidence in any light conditions. Upgrading the U.S. Army aviation fleet's goggles to high performance white phosphor provides improved clarity. Whether soldiers are on the ground or in the air, our team is committed to providing advanced capabilities to the U.S. Army to suit their evolving night vision needs."

About Elbit Systems

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios, cyber-based systems and munitions. This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management's current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company's future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company does not undertake to update its forward-looking statements.
