

## **Elbit Systems U.S. Subsidiary Awarded \$76 Million ID/IQ Contract to Supply Head Mounted Display Systems for U.S. Army Apache Helicopters**

**Haifa, Israel, October 6, 2021** – [Elbit Systems](#) Ltd. (NASDAQ: ESLT, TASE: ESLT) ("Elbit Systems") announced today, that its U.S. subsidiary, Elbit Systems of America, LLC., ("Elbit Systems of America"), was awarded an Indefinite Delivery/Indefinite Quantity ("ID/IQ") contract from the U.S. Army to provide Integrated Helmet And Display Sight Systems ("IHADSS") equipment for the AH-64 Apache helicopter fleet. The contract, with a maximum potential value of up to approximately \$76 million, will be performed over a five-year period. An initial delivery order of approximately \$6 million has been issued under this ID/IQ contract, to be executed over a two-year period. The IHADSS parts will be delivered to the U.S. Army from Elbit Systems of America's Fort Worth, Texas, engineering and manufacturing facility.

Elbit Systems of America's IHADSS presents critical information directly in front of the pilot's eye, providing the Apache pilots with a reliable solution that enables mission success and crew safety when flying. In addition to the IHADSS for the Apache, Elbit Systems of America provides the Apache AH-64E model with the Multicore Mission Processor that is used to provide all of the functionality of the onboard Apache systems.

**Raanan Horowitz, President and CEO of Elbit Systems of America**, said: "This contract continues our decades-long relationship with the U.S. Army's Apache fleet. IHADSS is uniquely designed for the Apache. It displays flight and targeting information directly in front of the pilots' eyes. This is a significant tactical advantage that provides reliable situational awareness, eases the pilots' workload, enhances their safety and achieve success when flying their most demanding missions."

### **About Elbit Systems**

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios, cyber-based systems and munitions. This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management's current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company's future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company does not undertake to update its forward-looking statements.
