

Elbit Systems' UK Subsidiary Awarded \$100 Million Contract to Provide Electronic Warfare Capabilities to the Royal Navy

Haifa, Israel, November 9, 2021 – Elbit Systems Ltd. (NASDAQ: ESLT, TASE: ESLT) ("Elbit Systems") announced today that its subsidiary, Elbit Systems UK Ltd. ("Elbit Systems UK"), was awarded a contract valued at approximately \$100 million (approximately £73 million) by Babcock International Group Plc. (LSE: BAB), to provide the Royal Navy with new Electronic Warfare capabilities under Increment 1 of the Maritime Electronic Warfare System Integrated Capability (MEWSIC) Program ("the Program"). The contract will be performed over a period of 13 years and will include in-service support.

Under the Program, Elbit Systems UK will design, manufacture and deliver maritime Electronic Warfare (EW) suites comprised of fully digital full-spectrum Radar Electronic Support Measures (RESM) and EW Command and Control (EWC2) systems. These latest generation technologies will enhance the situational awareness and anti-ship missile defense of front-line platforms and improve their capability to exploit the electromagnetic environment.

Martin Fausset, CEO of Elbit Systems UK said: "We are proud to be in position to provide such an important capability to the Royal Navy. Elbit Systems UK will work with its local partners on developing and delivering these cutting edge technologies, creating high skilled jobs while providing operational sovereignty and freedom of action."

About Elbit Systems

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios, cyber-based systems and munitions. The Company also focuses on the upgrading of existing platforms, developing new technologies for defense, homeland security and commercial applications and providing a range of support services, including training and simulation systems.

This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management's current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company's future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not allinclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forwardlooking statements. The Company does not undertake to update its forward-looking statements.

Elbit Systems Ltd., its logo, brand, product, service and process names appearing in this Press Release are the trademarks or service marks of Elbit Systems Ltd. or its affiliated companies. All other brand, product, service and process names appearing are the trademarks of their respective holders. Reference to or use of a product, service or process other than those of Elbit Systems Ltd. does not imply recommendation, approval, affiliation or sponsorship of that product, service or process by Elbit Systems Ltd. Nothing contained herein shall be construed as conferring by implication, estoppel or otherwise any license or right under any patent, copyright, trademark or other intellectual property right of Elbit Systems Ltd. or any third party, except as expressly granted herein.
