

Elbit Systems Signs Follow-On Contract Worth Approximately \$100 Million to Provide Firefighting Squadron Services to the Israeli Ministry of National Security

Haifa, Israel, April ,27 2023 – Elbit Systems Ltd. (NASDAQ: ESLT and TASE: ESLT) (“Elbit Systems” or the “Company”) announced today that it has signed a follow-on contract worth approximately \$100 million to provide aerial firefighting services to the Israeli Ministry of National Security. The contract will be carried out over a period of eight years.

As part of the contract, Elbit Systems will continue to provide aerial firefighting services in Israel to the Ministry of National Security through a fleet of 14 aircraft, as well as additional operational services including ongoing maintenance of the aircraft and their preparation for flights.

The squadron will be operated under the guidance of the Israeli Police and in accordance with the operational needs determined in coordination with the Fire and Rescue Authority.

Yoram Shmueli, General Manager of Elbit Systems Aerospace: “Elbit Systems has been a partner of the national aerial firefighting squadron since its establishment. I welcome the choice of the Ministry of National Security to extend the contract until the end of 2031, a decision that expresses confidence in the Company and satisfaction with its capabilities and services. The squadron is prepared and ready for its missions in Israel and to provide international assistance to neighboring countries as needed.”

About Elbit Systems

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios, cyber-based systems and munitions. The Company also focuses on the upgrading of existing platforms, developing new technologies for defense, homeland security and commercial applications and providing a range of support services, including training and simulation systems.

This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management's current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company's future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company does not undertake to update its forward-looking statements.
