

Evogene to Attend in Bank of America 2020 Global Agriculture and Materials Conference

Rehovot, Israel – February 25, 2020 – Evogene Ltd. (NASDAQ: EVGN, TASE: EVGN.TA), a leading company in leveraging computational biology to design novel products for life-science-based industries including: human health, agriculture and industrial applications, announces today that Eran Kosover, CEO of AgPlenus, Evogene's subsidiary designing effective and sustainable crop protection products, will attend in the BofA 2020 Global Agriculture and Materials Conference taking place February 26th – 27th at the Conrad in Fort Lauderdale, FL.

Mr. Kosover will be participating in a panel discussion: *"Potential disruption to crop chemical outlook"* on the Wednesday, 26th of February 2020 at 09:15 AM.

Conference participation is by invitation only and registration is mandatory. For more information or to schedule a one-on-one meeting, please contact your Bank of America representative.

About Evogene Ltd.

Evogene (NASDAQ:EVGN, TASE: EVGN.TA) is a leading company in leveraging computational biology, to design novel products for life-science-based industries including human health, agriculture, and industrial applications. Leveraging Big Data and Artificial Intelligence while incorporating a deep understanding of biology, Evogene established its unique technology, the *Computational Predictive Biology (CPB)* platform, to computationally design microbes, small molecules and genes as the core components for life-science products. Evogene holds a number of subsidiaries utilizing the *CPB* platform, for the development of human microbiome-based therapeutics, medical cannabis, ag-biologicals, ag-chemicals, seed traits and ag-solutions for castor oil production.

Forward Looking Statements

This press release contains "forward-looking statements" relating to future events. These statements may be identified by words such as "may", "could", "expects", "intends", "anticipates", "plans", "believes", "scheduled", "estimates" or words of similar meaning. Such statements are based on current expectations, estimates, projections and assumptions, describe opinions about future events, involve certain risks and uncertainties which are difficult to predict and are not guarantees of future performance. Therefore, actual future results, performance or achievements of Evogene and its subsidiaries may differ materially from what is expressed or implied by such forward-looking statements due to a variety of factors, many of which beyond the control of Evogene and its subsidiaries, including, without limitation, those risk factors contained in Evogene's reports filed with the appropriate securities authority. Evogene and its subsidiaries disclaim any obligation or commitment to update these forward-looking statements to reflect future events or developments or changes in expectations, estimates, projections and assumptions.
