

## **Foresight Regains Compliance with Nasdaq Minimum Bid Price Rule**

**Ness Ziona, Israel** – January 8, 2025 - Foresight Autonomous Holdings Ltd. (Nasdaq and TASE: FRSX) (“Foresight” or the “Company”), an innovator in 3D perception systems, today announced that it has received a letter from The Nasdaq Stock Market LLC (“Nasdaq”) informing Foresight that it has regained compliance with the minimum bid price requirement under Nasdaq Listing Rule 5550(a)(2), for continued listing on The Nasdaq Capital Market, and the matter of previous non-compliance is now closed.

Foresight was previously notified by Nasdaq on September 3, 2024, that it was not in compliance with the minimum bid price rule because its American Depositary Shares (“ADSs”) failed to meet the closing bid price of \$1.00 or more for 30 consecutive business days, as required by the Nasdaq Listing Rules. To regain compliance with the bid price, the Company was required to maintain a minimum closing bid price of \$1.00 or more for at least 10 consecutive trading days. From December 20, 2024 through January 6, 2025, the closing bid price of the Company’s ADSs has been at \$1.00 per ADS or greater. Accordingly, the Company has regained compliance with Nasdaq's minimum bid price rule.

### **About Foresight**

Foresight Autonomous Holdings Ltd. (Nasdaq and TASE: FRSX) is a technology company developing smart multi-spectral vision software solutions and cellular-based applications. Through the Company’s wholly owned subsidiaries, Foresight Automotive Ltd., Foresight Changzhou Automotive Ltd. and Eye-Net Mobile Ltd., Foresight develops both “in-line-of-sight” vision systems and “beyond-line-of-sight” accident-prevention solutions.

Foresight’s vision solutions include modules of automatic calibration and dense three-dimensional (3D) point cloud that can be applied to different markets such as automotive, defense, autonomous vehicles and heavy industrial equipment. Eye-Net Mobile’s cellular-based solution suite provides real-time pre-collision alerts to enhance road safety and situational awareness for all road users in the urban mobility environment by incorporating cutting-edge AI technology and advanced analytics.
