Explanations

1. If the change affects more than one security, the effect must be detailed in a separate row for each security.
2. Change date - all changes of the same type, in the same security, on the same day, should be summarized in one row. For this purpose - distinguish between changes made through TASE clearing and those made directly in the company's records.
3. The Change: For a decrease, add the "-" sign.
4. In all quantity fields, enter the number of securities, not NIS par value.

3. Main Register of Shareholders as of the Reporting Date:
