Gilat chosen by major homeland security agency in Latin America to provide a turnkey broadband communications solution

Petah Tikva, Israel, March 31, 2010 – Gilat Satellite Networks Ltd. (Nasdaq: GILT) today announced that it has received a multi-million dollar contract to deliver a turnkey broadband communications solution for a major defense agency in Latin America. The new network will be used for border control applications.

Gilat is providing a broadband satellite network solution based on its SkyEdge II high performance platform to enable the delivery of high-speed data, video and voice applications that will serve the military's different units. Gilat will supply additional equipment as part of the turnkey solution, including solar panels for the remote sites.

"The new contract represents another important step in strengthening our position in the government and defense-related markets," said Guy Moskowitz, Gilat Network Systems' Executive Vice President of Sales. "Our advanced VSAT technology coupled with our experience in providing turnkey projects are key to meeting the complex and stringent requirements of defense and other government organizations."

Gilat's SkyEdge II is a multi-service platform enabling the delivery of high-quality voice, broadband data and video services for diverse environments including enterprises, rural networks, cellular backhaul and government network applications. SkyEdge II is a standards-based system using DVB-S2 and DVB-RCS. With better efficiencies and full adaptivity for both the inbound and outbound channels, it provides higher performance that serves the growing requirements of end-users. Gilat's diverse portfolio of SkyEdge II VSATs are all supported by a unified platform, offering service providers the most suitable product for their application needs as well as the flexibility to evolve their networks. The newest addition to Gilat's SkyEdge II portfolio is NetEdge™, a dedicated solution for multi star networks, specifically designed to meet the needs of corporations and cellular backhaul applications.

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd. (Nasdaq: GILT) is a leading provider of products and services for satellite-based communications networks. The Company operates under three business units: (i) Gilat Network Systems, a provider of network systems and associated professional services to service providers and operators worldwide; (ii) Spacenet Inc., a provider of managed services in North America to the business and government segments; and (iii) Spacenet Rural Communications, a provider of rural telephony and Internet access solutions to remote areas primarily in Latin America.

Gilat was founded in 1987 and has shipped over 750,000 Very Small Aperture Terminals (VSATs) to more than 85 countries across six continents. Gilat's headquarters is located in

Press Release (cont.)

Petah Tikva, Israel. The Company has 16 sales and service offices worldwide. Gilat markets a full line of high-performance VSATs under the SkyEdge TM and SkyEdge II Product Family.
