

## Gilat Achieves Major Milestone – Over 1 Million VSATs Shipped

**Petah Tikva, Israel – October 18, 2011** – Gilat Satellite Networks Ltd. (NASDAQ: GILT), a worldwide leader in satellite networking technology, solutions and services announced today that it recently shipped its one millionth VSAT (very small aperture terminal), marking a major milestone for the company.

“We are extremely proud to have achieved this important milestone and extend our appreciation to the many enterprises, government agencies and service providers that have selected Gilat and our technology as their partner of choice over the years,” said *Jaron Lotan, Gilat’s Chief Operating Officer*.

“Our networks span the globe, providing a diverse range of customers with constant and reliable connectivity for voice, video and data services – championing boundless communications worldwide”, added Mr. Lotan.

Since its inception in 1987, Gilat has been selected as a trusted technology partner by major industry players such as Optus, Bharti Airtel, StarOne, GTECH, Intralot, Scientific Games and Dollar General.

A pioneer of several industry firsts, Gilat has brought innovation and communication advances to some of the industry’s key markets including broadband Internet, rural telephony, emergency response, cellular backhaul, USO and lottery.

The Company developed and shipped its first generation two-way VSAT, the SkyStar Advantage™, in 1991 and has since been at the forefront of innovation and development of satellite-based communications technology.

Some of the Company’s key achievements include:

- Industry’s first two-way consumer broadband VSAT
- SkyEdge – the first multi-service satellite communications platform
- First to introduce HTTP acceleration
- First cache based micro-SD VSAT

More recently, Gilat announced its new high speed Ka-band VSAT terminals for the consumer market, as well as hardened terminals supporting communications-on-the-move applications for the defense and homeland security markets.

The Company has also expanded its product line to include non-VSAT platforms and offers next-generation high-power solid state amplifiers, low profile antennas for COTM (communication-on-the-move) applications, and man-pack solutions.

## Press Release (cont.)

### About Gilat

Gilat Satellite Networks Ltd. is a leading provider of products and professional services for satellite-based broadband communications networks worldwide. Gilat was founded in 1987 and has shipped over 1,000,000 Very Small Aperture Terminals (VSATs) to more than 85 countries across six continents. Gilat's headquarters is located in Petah Tikva, Israel. The Company has 22 sales and service offices worldwide. Gilat develops and markets an expansive range of broadband satellite solutions including high-performance VSATs under the SkyEdge™ and SkyEdge II brands, low-profile antennas for satcom-on-the-move, under the RAYSAT Antenna Systems and the StealthRay™ brands and next generation solid-state power amplifiers for mission-critical defense and broadcast satellite communications systems under the Wavestream brand. Gilat's wholly-owned subsidiary, Spacenet Inc., is a leading provider of managed services in North America to the business and government segments.
