Gilat's Satellite-based Cellular Backhaul Solution Selected by Sprint to Extend LTE Services to Metro Edge and Rural Areas in the US

Gilat enables fast and reliable nationwide 4G service coverage

Petah Tikva, Israel, October 26, 2016 -- Gilat Satellite Networks Ltd. (NASDAQ, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today that Sprint (NYSE: S) has selected Gilat's satellite-based cellular backhaul solution to extend LTE services to metro edge and rural areas in the US.

Sprint expects to deploy Gilat's high-speed Capricorn VSATs as a cellular backhaul solution for rapid deployment of high-quality, reliable, true LTE-over-satellite in underserved areas, and as a solution for special events and Mobile Emergency Response efforts across the United States.

"It is an honor to have been selected by Sprint for their satellite-based LTE network, given the demanding US market reliability and resilience requirements," added Michal Aharonov, VP Global Accounts & Telecom Services at Gilat. "This achievement further validates Gilat's proven technological leadership, enabling tier-1 MNOs to provide unprecedented speeds with a lower TCO. Gilat's superior technology, coupled with affordable HTS space-segment, is creating new broadband opportunities in the US and worldwide."

About Gilat

Gilat Satellite Networks Ltd (NASDAQ, TASE: GILT) is a leading provider of products and services for satellite-based broadband communications. Gilat develops and markets a wide range of high-performance satellite ground segment equipment and VSATs, with an increasing focus on the consumer and Ka-band market. In addition, Gilat enables mobile SOTM (Satellite-on-the-Move) solutions providing low-profile antennas, next generation solid-state power amplifiers and modems. Gilat also provides managed network and satellite-based services for rural telephony and Internet access via its subsidiaries in Peru and Colombia.

With over 25 years of experience, and over a million products shipped to more than 90 countries, Gilat has provided enterprises, service providers and operators with efficient and reliable satellite-based connectivity solutions, including cellular backhaul, banking, retail, e-government and rural communication networks. Gilat also enables leading defense, public security and news organizations to implement advanced, on-the-move tactical communications on board their land, air and sea fleets using Gilat's high-performance SOTM solutions. Gilat controlling shareholders are the FIMI Private Equity Funds. For more information, please visit us at www.gilat.com
