GILAT PRESS RELEASE

Gilat Equips Hundreds of Boats, Vessels and Cruise Ships with Satellite Communication

*Gilat's modems and transceivers successfully deployed on maritime
vessels in Asia*

Petah Tikva, Israel, December 14, 2020 -- Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announces that Gilat was selected to equip hundreds of boats, vessels and cruise ships with satellite communication. Gilat's modems and transceivers successfully deployed on maritime vessels in Asia.

Broadband internet is delivered via maritime terminals that are fully integrated with Gilat's VSATs and 4W transceivers. An excellent user experience is achieved with Gilat's SkyEdge II-c X-Architecture operating over China Satcom's HTS Ka-band network (ChinaSat-16) providing multiple switchovers between the satellite beams.

"This win further solidifies Gilat's position as a major provider for the maritime market," said Yuval Ayalon, Head of Maritime and Land Mobility at Gilat. "As the world is seeing the light at the end of the tunnel of the pandemic, we expect the maritime market to pick-up and for Gilat to materialize additional opportunities."
