Press Release

Gilat Receives Approximately \$5 Million in Orders from US Defense Customers

*Gilat's Strategic Focus on Defense Strengthened by Recent Wins
for Advanced Mission Critical SATCOM Solutions*

Petah Tikva, Israel, October 30, 2024 — Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, today announced that it has been awarded contracts valued at approximately \$5 million from multiple U.S. based defense organizations. These orders are for Gilat's cutting-edge satellite communications (SATCOM) technologies and comprehensive services, set to enhance mission-critical connectivity and operational capabilities for defense applications worldwide. The orders are expected to be delivered within the coming months.

The equipment and services provided will ensure reliable, high-performance communication in a variety of challenging environments. Gilat will supply X, Ku, and Ka-band Block Upconverters (BUCs) for Communications-on-the-Move (COTM) systems, along with test and evaluation, repair, upgrades and engineering services, and field service.

"We are honored to support U.S. defense organizations with our cutting-edge SATCOM technology and full suite of essential services that meet the stringent requirements of mission-critical defense operations," **said Nicole Robinson, President of DataPath**. "These orders reflect the confidence our defense customers place in our comprehensive approach to SATCOM connectivity, ensuring they remain connected in even the most challenging environments."

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we create and deliver deep technology solutions for satellite, ground, and new space connectivity and provide comprehensive, secure end-to-end solutions and services for mission-critical operations, powered by our innovative technology. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Our portfolio includes a diverse offering to deliver high-value solutions for multiple orbit constellations with very high throughput satellites (VHTS) and software-defined satellites (SDS). Our offering is comprised of a cloud-based platform and high-performance satellite terminals; high-performance Satellite On-the-Move (SOTM) antennas; highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense, field services, network management software, and cybersecurity services.

Gilat's comprehensive offering supports multiple applications with a full portfolio of products and tailored solutions to address key applications including broadband access, mobility, cellular backhaul, enterprise, defense, aerospace, broadcast, government, and critical infrastructure clients all while meeting the most stringent service level requirements.
