Press Release

Gilat Receives Over \$15 Million in Orders from Leading Satellite Operators

Confirms rising demand for Gilat's equipment and services across GEO, MEO, and LEO VHTS constellations

Petah Tikva, Israel, April 22, 2025 — Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today that its Commercial Division received over \$15 million in orders from leading global satellite operators. Deliveries are scheduled for throughout 2025.

The orders reflect strong ongoing momentum for Gilat's equipment and services across GEO, MEO, and LEO Very High Throughput Satellite (VHTS) constellations. The demand spans multi-service applications, with particular emphasis on In-Flight Connectivity (IFC), reinforcing Gilat's leadership in enabling broadband mobility solutions worldwide.

Satellite operators continue to rely on Gilat's comprehensive solutions for their ability to support a broad range of products and solutions with the flexibility, performance, and scale needed to meet increasing connectivity demands. Our next-generation solutions are designed to deliver efficient, high-performance connectivity across diverse verticals.

"These significant orders from some of the world's most prominent satellite operators reaffirm our position as a trusted partner for enabling next-generation satellite services," said Ron Levin, President of Gilat's Commercial Division. "We're seeing strong and consistent demand for our products and solutions and we're proud to play a key role in supporting the expansion of global broadband connectivity across LEO, GEO and MEO constellations."

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we develop and deliver deep technology solutions for satellite, ground, and new space connectivity, offering next-generation solutions and services for critical connectivity across commercial and defense applications. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Together with our wholly owned subsidiaries—Gilat Wavestream, Gilat DataPath, and Gilat Stellar Blu—we offer integrated, high-value solutions supporting multi-orbit constellations, Very High Throughput Satellites (VHTS), and Software-Defined Satellites (SDS) via our Commercial and Defense Divisions. Our comprehensive portfolio is comprised of a cloud-based platform and modems; high-performance satellite terminals; advanced Satellite On-the-Move (SOTM) antennas and ESAs; highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense markets, field services, network management software, and cybersecurity services.

Gilat's products and tailored solutions support multiple applications including government and defense, IFC and mobility, broadband access, cellular backhaul, enterprise, aerospace, broadcast, and critical infrastructure clients all while meeting the most stringent service level requirements.
