Press Release

Gilat Awarded Over \$22 Million in Orders from Tier One Satellite Operators

Operator demand fuels Gilat's momentum across GEO, MEO, and LEO VHTS constellations

Petah Tikva, Israel, July 9, 2025 — Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, today announced that its Commercial Division has received over \$22 million in orders from leading satellite operators around the world. The orders are scheduled for delivery over the next 12 months.

These new orders reflect Gilat's growing role in enabling advanced connectivity across GEO, MEO, and LEO constellations, supporting a diverse set of applications with particular traction in the rapidly growing In-Flight Connectivity (IFC) market. The demand highlights satellite operators' trust in Gilat's field-proven products and solutions, designed to deliver the performance and scalability required for next-generation satellite networks.

From ground segment infrastructure and system management to specialized solutions for mobility and broadband services, Gilat's comprehensive offerings help operators drive value and performance across their networks.

"Our ongoing partnership with leading satellite operators underscores Gilat's critical role in the evolution of satellite connectivity," said **Ron Levin, President of Gilat's Commercial Division**. "These new orders demonstrate confidence in our capabilities to support large-scale, high-performance deployments while reinforcing our position as a key enabler across all orbital architectures."

Gilat continues to deliver innovation across its multi-orbit portfolio, empowering satellite operators to meet the growing global demand for broadband, mobility, and enterprise connectivity.

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With over 35 years of experience, we develop and deliver deep technology solutions for satellite, ground, and new space connectivity, offering next-generation solutions and services for critical connectivity across commercial and defense applications. We believe in the right of all people to be connected and are united in our resolution to provide communication solutions to all reaches of the world.

Together with our wholly owned subsidiaries—Gilat Wavestream, Gilat DataPath, and Gilat Stellar Blu—we offer integrated, high-value solutions supporting multi-orbit constellations, Very High Throughput Satellites (VHTS), and Software-Defined Satellites (SDS) via our Commercial and Defense Divisions. Our comprehensive portfolio is comprised of a cloud-based platform and modems; high-performance satellite terminals; advanced Satellite On-the-Move (SOTM) antennas and ESAs; highly efficient, high-power Solid State Power Amplifiers (SSPA) and Block Upconverters (BUC) and includes integrated ground systems for commercial and defense markets, field services, network management software, and cybersecurity services.

Gilat's products and tailored solutions support multiple applications including government and defense, IFC and mobility, broadband access, cellular backhaul, enterprise, aerospace, broadcast, and critical infrastructure clients all while meeting the most stringent service level requirements.
