Dear Sir/Madam,

Re: Transfer to the Maintenance List

1. Pursuant to our circulars dated July 11, 2024 and January 2, 2025, TASE reviewed the companies data as of January 21, 2025.
According to the data, the companies "GALILEO TECH" and "CANZON" are in non-compliance with the **public holdings value** and don't meet the conditions of the exemption for this cause.
2. In light of the companies non-compliance with the requirement for public holdings value, their securities, as detailed below, will be transferred to the maintenance list on January 26, 2025.

Company's name	Issuer no.	Security type	ISIN No.	Maintenance cause
GALILEO TECH	1070	Ordinary share	IL0010819832	public holdings value
CANZON	1304	Ordinary share	IL0010960073	public holdings value

The letter M will be added to the companies names and to their securities names.

3. According to TASE's Rules, a security that is traded on the maintenance list shall be delisted from trade if 48 months have passed from the date on which the security ceased to be traded in the framework of the main list, and the conditions for the renewal of its trade therein on the main list have not been fulfilled.

sincerely,

(-)
