Re: Immediate report - malfunction of cellular network

The Company reports that on Sunday evening, it received a notice from its subsidiary, Pelephone Communications Ltd. ("**Pelephone**") that at approximately 7:00 p.m., a malfunction occurred in Pelephone's network as a result of which Pelephone's customers across the country, including companies hosted on Pelephone's network (Rami Levi and Hot Mobile) experienced problems with telephony and text message services (the malfunction did not affect data communication services).

Pelephone worked to locate the problem and at approximately 10:40 p.m., resolved the problem and the network was gradually restored.

Pelephone will continue to investigate the causes of the malfunction and its implications, and will draw the necessary conclusions.
