<u>EXHIBIT NO.</u>	<u>DESCRIPTION</u>
99.1	B Communications' Press release (the registrant controlled subsidiary).

EXHIBIT 99.1

Ramat-Gan, Israel, October 26, 2015 - B Communications Ltd. (Nasdaq and TASE: **BCOM**) ("**B Communications**") announced today that Bezeq - The Israel Telecommunication Corp. Ltd., a controlled subsidiary of B Communications ("**Bezeq**"), received an approval from the "Local Committee for Planning and Construction" for an "outline plan" for the use of a 70 dunams (approximately 18 acres) parcel of land owned by Bezeq which is designated for use as offices and storage building purposes in "Sakiya", which is adjacent to the "Mesubim" Junction.

Bezeq is examining the implications of the approval and the various possibilities which Bezeq may have in order to fully realize the value of the property, including selling the property or portions of it.

Bezeq is also examining the accounting implications that may arise from the determination of the property's status and any disposition or future action with respect to it. A possible implication, which according to a very preliminary estimation and before professional examination, is that Bezeq may record a very significant accounting profit.

Doron Turgeman, B Communications' CEO stated: "During the last few years Bezeq is acting intensively in order to upgrade its property portfolio and, in a very careful and qualitative manner, is disposing non-essential properties. We are pleased with the Committee's approval, and we are certain that Bezeq's management will make the right decision with respect to this opportunity.
