All our issued and outstanding ordinary shares are fully paid and non-assessable and are issued in registered form. Our ordinary shares do not have preemptive rights and there are no sinking fund provisions applicable to our ordinary shares.

The following summary description of our capital stock summarizes general terms and provisions that apply to the capital stock. Because this is only a summary, it does not contain all of the information that may be important to you. This summary is subject to and qualified in its entirety by reference to our memorandum of association and articles of association, as amended, each of which are on file with the SEC. See “Where You Can Find More Information.”

Purposes and Objects of the Company

We are a public company registered under the Israel Companies Law as Internet Gold – Golden Lines Ltd., registration number 52-004426-4. Pursuant to our memorandum of association, we were formed for the purpose of providing various services in the telecommunication industry and performing various corporate activities permissible under Israeli law.

The Powers of the Directors

Under the provisions of the Israeli Companies Law and our Articles of Association, a director cannot participate in a meeting nor vote on a proposal, arrangement or contract in which he or she is materially interested unless such proposal, arrangement or contract is in the ordinary course of business or the majority of directors are personally interested in such proposal, arrangement or contract. In the event the majority of the members of the board of directors have a personal interest in the proposed transaction, approval of our shareholders at a general meeting is required. In addition, our directors cannot vote compensation to themselves or any members of their body without the approval of our compensation committee and, unless exempted under the regulations promulgated under the Israeli Companies Law, our shareholders at a general meeting. If the compensation of our directors is inconsistent with our stated compensation policy, then the approval of our shareholders requires that either:

- at least a majority of the shares held by all shareholders who are not controlling shareholders and do not have a personal interest in such matter, present and voting at such meeting, are voted in favor of the compensation package, excluding abstentions; or
- the total number of shares of non-controlling shareholders and shareholders who do not have a personal interest in such matter voting against the compensation package does not exceed 2% of the aggregate voting rights in the company.

The authority of our directors to enter into borrowing arrangements on our behalf is not limited, except in the same manner as any other transaction by us.

Under our Articles of Association, retirement of directors from office is not subject to any age limitation and our directors are not required to own shares in our company in order to qualify to serve as directors.

Rights Attached to Shares

Dividend and Liquidation Rights. The holders of the ordinary shares will be entitled to their proportionate share of any cash dividend, share dividend or dividend in kind declared with respect to our ordinary shares. Our board of directors may declare a dividend to be paid to the holders of ordinary shares in proportion to the paid up capital attributable to the shares that they hold. Dividends may only be paid out of our profits and other surplus funds, as defined in the Israeli Companies Law, as of the end of the most recent fiscal year or as accrued over a period of two years, whichever is higher, provided that there is no reasonable concern that a payment of a dividend will prevent us from satisfying our existing and foreseeable obligations as they become due. If we do not meet the profit requirement, we may seek the approval of the court to distribute a dividend. The court may approve our request if it is convinced that there is no reasonable risk that a distribution might prevent us from satisfying our existing and anticipated obligations as they become due.

Under the Israeli Companies Law, a dividend declaration must be approved by the board of directors and does not require the approval of the shareholders of a company unless the company's articles of association provide otherwise. Our articles of association do not require shareholder approval of a dividend distribution.

In the event of our liquidation, after satisfaction of liabilities to creditors, our assets will be distributed to the holders of ordinary shares in proportion to the paid up capital attributable to the shares that they hold. Dividend and liquidation rights may be affected by the grant of preferential dividend or distribution rights to the holders of a class of shares with preferential rights that may be authorized in the future.

Exceptional Holdings; Principal Shareholders. Under the Communications Order, no person may hold, directly or indirectly, "significant influence" over Bezeq or 5% or more of any particular class of means of control in Bezeq, nor may any person, together with any other person, appoint, elect or dismiss the general manager of Bezeq or cause the election, appointment or dismissal of any director of Bezeq, without the prior written consent of the Prime Minister of Israel and the Israeli Minister of Communications. Subject to certain exceptions, prior written approval of such Ministers is also required to increase the holdings or other rights in excess of those determined in the initial approval, including by means of an agreement (including a voting agreement). Furthermore, under the Communications Order, no person may transfer control, "significant influence" or means of control in Bezeq to another, if, as a result of the transfer, the holdings of the transferee would require approval pursuant to the Communications Law or Communications Order and the transferee is not in possession of the requisite approval. Any such unauthorized acquisition is referred to as "Exceptional Holdings." For the foregoing purposes, "significant influence" means the ability to significantly influence the activity of a corporation, whether alone or together with or through others, directly or indirectly, other than as a result of holding "means of control" in that corporation or in another corporation, and including ability derived from the corporation's articles of association, a written, oral or other kind of agreement, or from any other source. In this context, the right to appoint an officer and holding 25% of our "means of control" is presumed to confer significant influence. "Means of control" means the right to vote at a general meeting of the company, to appoint a director or general manager of the company, to participate in the profits of the company or a share of the remaining assets of the company after payment of its debts upon liquidation.

In compliance with the Communications Law and Communications Order following our acquisition of the controlling interest in Bezeq, our Articles of Association provide that Exceptional Holdings will not entitle the holder to any rights in respect of such holdings, unless and to the extent permitted under the Communications Order. Accordingly, Exceptional Holdings will not have any voting rights at a general meeting of shareholders. Each shareholder participating in a general meeting of shareholders will be required to certify to us prior to the vote or, if the shareholder is voting by a proxy or any similar instrument, on such proxy card or similar instrument, as to whether or not his or her holdings in our company or his or her vote require the approval of the Prime Minister of Israel and the Israeli Minister of Communications, pursuant to the Communications Law and Communications Order. In addition, no director may be appointed, elected or removed from office by virtue of the vote of a holder of Exceptional Holdings. If a director is appointed, elected or removed from office by virtue of the vote of a holder of Exceptional Holdings, such appointment, election or removal from office shall have no effect.

Under our Articles of Association, any person holding a number of our shares that requires approval under the Communications Order shall notify us, Bezeq, the Prime Minister of Israel and the Israeli Minister of Communications of such holdings in writing, no later than 48 hours from the date of acquiring such holdings.

Our Articles of Association include reporting requirements applicable to “Principal Shareholders,” meaning a holder, directly or indirectly, of 5% of our issued and outstanding share capital. Any person who, after acquiring, directly or indirectly, shares in our company becomes a “Principal Shareholder,” is required, no later than 48 hours after becoming a Principal Shareholder, to notify us in writing, specifying the number of our shares held by such shareholder and the date on which such shareholder became a Principal Shareholder. Any person who ceases to be a Principal Shareholder is required, no later than 14 days thereafter, to notify us in writing of the date on which such person ceased to be a Principal Shareholder. In addition, a Principal Shareholder is required to notify us in writing of any aggregate change in its holdings of our shares in an aggregate amount equal to 1% or more of our outstanding share capital compared to the last notice of holdings submitted by such Principal Shareholder, no later than 48 hours after such change. In the event a Principal Shareholder fails to provide any required notice, as discussed above, then until such Principal Shareholder provides us with the requisite notice, the Principal Shareholder will not be entitled to any rights in respect of such shares and the provisions of the Communications Order with respect to the exercise of rights underlying Exceptional Holdings will apply, and the undisclosed holdings shall also be deemed “dormant shares,” as defined under the Israeli Companies Law.

Under our Articles of Associations, we are required to notify the Prime Minister of Israel and the Israeli Minister of Communications of any Exceptional Holdings immediately upon becoming aware of such event. We are also required to notify such Ministers in the event a shareholder becomes a Principal Shareholder and regarding any change in the holdings of a Principal Shareholder within 48 hours of becoming aware of such change.

Voting Rights. Holders of ordinary shares have one vote for each ordinary share held on all matters submitted to a vote of shareholders, subject to the restrictions described above relating to Exceptional Holdings and Principal Shareholders. Such voting rights may be affected by the grant of any special voting rights to the holders of a class of shares with preferential rights that may be authorized in the future.

Annual and Extraordinary Meetings

Under the Israeli Companies Law and our articles of association, our board of directors must convene an annual meeting of shareholders at least once every calendar year and within 15 months of the last annual meeting. Depending on the matter to be voted upon, and subject to the Israeli Companies Law and regulations thereunder, notice of at least 14 days or 21 days or 35 days prior to the date of the meeting is required. Our articles of association provide that notice of a general meeting of shareholders will be delivered to all eligible shareholders by publication in two daily Hebrew language newspapers in Israel that have a reasonably-sized readership. Our board of directors may, in its discretion, convene additional meetings as “special general meetings.” In addition, the board must convene a special general meeting upon the demand of: (a) two of the directors or 25% of the directors in office, (b) one or more shareholders having at least 5% of the outstanding share capital and at least 1% of the voting power in the company, or (c) one or more shareholders having at least 5% of the voting power in the company. The chairman of the board of directors presides at each of our general meetings. The chairman of the board of directors is not entitled to a vote at a general meeting in his capacity as chairman.

Quorum

The quorum required for any general meeting is the presence, in person or by proxy, of shareholders holding or representing, in the aggregate, at least one third of the voting rights. No business shall be considered or determined at a general meeting, unless the requisite quorum is present within half an hour from the time designated for the general meeting. If within half an hour from the time designated for the general meeting a quorum is not present, the general meeting shall stand adjourned to the same day in the following week, at the same time and place, or to such other time as designated in the notice of such adjourned meeting. If within half an hour from the time designated for the adjourned meeting a quorum is not present, any number of shareholders present will constitute a quorum. However, if the general meeting was convened on the demand of shareholders, the adjourned meeting shall take place only if there are present at least the number of shareholders required to convene a general meeting under our articles of association (as discussed above).

A general meeting in which a quorum is present may resolve to adjourn the meeting, the discussion or the vote on a matter included in the agenda to such other time and place as it may determine. Only matters that were on the agenda and in respect of which no resolution was passed shall be discussed at the adjourned meeting.

Modification of Class Rights

Under the Israeli Companies Law and our articles of association, any amendment, conversion, cancellation, expansion, addition to or other change in the rights, preferences, privileges, restrictions or provisions attached to any particular class of shares issued to shareholders of our company, shall require the written consent of holders of all issued shares of such particular class, or authorization by an ordinary resolution adopted at an extraordinary meeting of such class.

Limitations on the Rights to Own Ordinary Shares in Our Company

None of our memorandum of association, our articles of association or the laws of the State of Israel restrict in any way the ownership or voting of ordinary shares by non-residents, except that shares held by citizens of countries which are in a state of war with Israel will not confer any rights to their holders unless the Minister of Finance consents otherwise.

In addition, pursuant to the Communications Order, so long as we control Bezeq, any state, government corporation or a corporation controlled by a government corporation cannot control our company. Ownership of our shares, directly or indirectly, by a government corporation requires the prior written approval of the Israeli Prime Minister and Israeli Minister of Communications, provided that the government corporation's total direct and indirect holdings in Bezeq does not exceed more than 5% of any type of "means of control" (as such term is described above) of Bezeq. Ownership by a government corporation, directly or indirectly, of 5% or more of Bezeq's outstanding shares or a "significant influence" (as such term is described above) in Bezeq requires the approval of the Prime Minister of Israel and the Israeli Minister of Communications as well as the consent of the Israeli Minister of Defense. A "Hostile State," as such term is defined in the Communications Order, a citizen or resident of a Hostile State, a corporation incorporated in a Hostile State or controlled by a resident or citizen of a Hostile State is not allowed to hold, directly or indirectly, 5% or more or a "significant influence" (as described above) in Bezeq.

The transfer agent and registrar for our ordinary shares is American Stock Transfer & Trust Company, 6201 15th Avenue, Brooklyn, NY 11219.

FOREIGN EXCHANGE CONTROLS AND OTHER LIMITATIONS

There are currently no Israeli currency control restrictions on remittances of dividends on our ordinary shares, proceeds from the sale of the shares or interest or other payments to non-residents of Israel, nor does the State of Israel restrict the ownership or voting of ordinary shares of Israeli entities by non-residents of Israel, except under certain circumstances, for shareholders who are subjects of countries that are, or have been, in a state of war with Israel.

TAXATION

The below discussion does not purport to be an official interpretation of the tax law provisions mentioned therein or to be a comprehensive description of all tax law provisions which might apply to our securities or to reflect the views of the relevant tax authorities, and it is not meant to replace professional advice in these matters. The below discussion is based on current, applicable tax law, which may be changed by future legislation or reforms.

Non-residents should obtain professional tax advice with respect to the tax consequences under the laws of their countries of residence of holding or selling our securities.

Israeli Capital Gains Tax

As of January 1, 2012, an individual is subject to a 25% tax rate on real capital gains derived from the sale of shares, as long as the individual is not a “substantial shareholder” (generally a shareholder who is the owner of 10% or more in the right to profits, right to nominate a director (or an officer), voting rights, right to receive assets upon liquidation, or right to instruct someone who holds any of the aforesaid rights regarding the manner in which he or she is to exercise such right(s), and all regardless of the source of such right) in the company issuing the shares.

A substantial individual shareholder will be subject to tax at a rate of 30% in respect of real capital gains derived from the sale of shares issued by the company in which he or she is a substantial shareholder. The determination of whether the individual is a substantial shareholder will be made on the date that the securities are sold. In addition, the individual will be deemed to be a substantial shareholder if at any time during the 12 months preceding this date he had been a substantial shareholder.

Non-Israeli residents are exempt from Israeli capital gains tax on any gains derived from the sale of traded shares in an Israeli corporation, provided such gains do not derive from a permanent establishment of such shareholders in Israel. However, non-Israeli resident corporations will not be entitled to such exemption if Israeli residents (i) have a controlling interest of more than 25% in such non-Israeli corporation, or (ii) are the beneficiaries of or are entitled to 25% or more of the revenues or profits of such non-Israeli corporation, whether directly or indirectly.

In some instances where our shareholders may be liable to Israeli tax on the sale of their ordinary shares, the payment of the consideration may be subject to the withholding of Israeli tax at source.

Pursuant to the treaty between the Governments of the United States and Israel with respect to taxes on income, or the U.S.-Israel tax treaty, the sale, exchange or disposition of our ordinary shares by a person who qualifies as a resident of the United States under the treaty and who is entitled to claim the benefits afforded to him by the treaty, will generally not be subject to Israeli capital gains tax. This exemption shall not apply to a person who held, directly or indirectly, shares representing 10% or more of the voting power in our company during any part of the 12 month period preceding the sale, exchange or disposition, subject to certain conditions. A sale, exchange or disposition of our shares by a U.S. resident qualified under the treaty, who held, directly or indirectly, shares representing 10% or more of the voting power in our company at any time during the preceding 12 month period would be subject to Israeli tax, to the extent applicable; however, under the treaty, this U.S. resident would be permitted to claim a credit for these taxes against the U.S. income tax with respect to the sale, exchange or disposition, subject to the limitations in U.S. laws applicable to foreign tax credits. In addition, in the event that (1) the capital gains arising from the sale of our company's shares will be attributable to a permanent establishment of the shareholder located in Israel, or (2) the shareholder, being an individual, will be present in Israel for a period or periods aggregating 183 days or more during a taxable year, the aforesaid exemption shall not apply.

Israeli Tax on Dividend Income

Non-Israeli residents are subject to income tax on income accrued or derived from sources in Israel. These sources of income include passive income such as dividends, royalties and interest, as well as active income from services rendered in Israel. On distributions of dividends other than bonus shares, or stock dividends, to Israeli individuals and foreign resident individuals and corporations we would be required to withhold income tax at the rate of 25%. Under the U.S.-Israel tax treaty, if the income out of which the dividend is being paid is not attributable to an Approved Enterprise, then income tax with respect to shareholders that are U.S. corporations holding at least 10% of our voting power in the twelve-month period preceding the distribution of such dividends, is required to be withheld at the rate of 12.5%.

Residents of the United States will generally have taxes in Israel withheld at source. Such persons generally would be entitled to a credit or deduction for United States Federal income tax purposes for the amount of such taxes withheld, subject to limitations applicable to foreign tax credits.
