 - **Holding percentage after the change:** Capital 9.39%, Voting 9.48%
 - **Holding after full dilution:** Capital 9.38%, Voting 9.47%

Notes (excerpt from reporting):

A. The options were exercised through a net exercise mechanism. B. It is clarified that calculation of the holding percentages in equity and voting rights do not take into account dormant shares held by the company. Regarding holdings of a wholly-owned subsidiary in the company's shares, the calculation excludes voting rights but not capital rights in respect of shares held by the said subsidiary. Holding percentages on full dilution are based on the theoretical assumption of the allocation of the maximum possible amount of exercise shares for options granted to employees and officers, while the actual number allocated may differ according to the net exercise mechanism. The holding and dilution data in this report are approximate. C. The described changes are a result of exercising option warrants granted, among others, to the officers mentioned in this report in accordance with the private placement report of 6.12.2020 (reference no. 2020-01-124186), and the sale of the exercise shares in an off-exchange transaction to Lynav Holdings Ltd as detailed above. To the best of the company's knowledge, Lynav Holdings Ltd is wholly owned (directly and indirectly) by a foreign trust (Discretionary Trust) of which Mr. Idan Ofer is the beneficiary. For details see the report on holdings of interested parties in the company dated 20.10.2025 (reference: 2025-01-077508), incorporated herein by reference.
