1. Arnold Glass Chooses Magic Software's iBOLT to Integrate Its SAP Application

PRESS RELEASE

Arnold Glass Chooses Magic Software's iBOLT to Integrate Its SAP Application

Magic Software's partner, Innovabee, successfully completed the data migration and integration project in only two months

Or-Yehuda, Israel, February 22, 2011 – Magic Software Enterprises Ltd. (NASDAQ: MGIC), a global provider of cloud and on-premise application platform and business integration solutions, today announced that its German partner, Innovabee, has used Magic Software's iBOLT integration tool to migrate to SAP Business All-in-One at one of Europe's leading glass manufacturers, Arnold Glass.

The iBOLT integration suite was chosen because of its ability to work natively with SAP and other applications, and because it facilitates easy, fast and code-free integration. The entire interface management of the SAP Business All-in-One implementation was done using iBOLT.

"The short project duration of less than two months was possible because Innovabee's solution package contains a preconfigured SAP solution and a standardized data-migration tool," said Joseph Ilg, Managing Director of Arnold Glass.

"Innovabee used iBOLT's intuitive mapping capabilities to set up data extraction, transformation and loading directly from the source system. The mapped modules and the data acquisition process were easily reproduced throughout the project, allowing us to complete the project as quickly as possible," added Hansfrieder Weber, Managing Director of Innovabee. "With iBOLT we can offer our customers shorter project completion times and reduce our use of resources in the migration to SAP."

Prior to completing this project for Arnold Glass, Innovabee used iBOLT to successfully implement a similar integration project for Joh. Vögele KG, the essential oils and fragrances specialist.

About Arnold Glass

Arnold Glass, based in Remshalden, Germany, is one of the most innovative insulating glass manufacturers in Europe. The company is an all-round glazing solution provider with over 50 years of experience, operating a total of 12 factories in Germany and Austria, and employing some 1,100 people. Arnold Glass offers a wide range of ISOLAR glass, toughened and laminated safety glass, mounting accessories, and services from preliminary design through to implementation.

About Innovabee

Innovabee Group GmbH & Co. KG, with locations in Waiblingen, Hamburg and Munich, Germany, is a SAP Gold Partner consultancy focusing primarily on the manufacturing, services and consumer goods sectors. Innovabee GmbH has more than 20 years of experience in designing and implementing business software solutions for medium-sized companies. The company's comprehensive solution portfolio covers ERP, business process management, web businesses, CRM, and financial and business intelligence.
