Comments of Management

Commenting on the results, Guy Bernstein, Chief Executive Officer of Magic Software Enterprises, said: "I am pleased to report that in the first quarter of 2012, Magic continued its success from 2011, with double-digit growth and very strong performance across the board in all our regional centers of activity. These results reflect continued high demand in the market for our products and professional services. Moving forward, we plan to build on this success by further enhancing our product offerings, in particular our enterprise mobile and cloud-based technology. In May 2012, we will extend our mobile offering to include support for the iOS and Android mobile platforms for smartphones and tablets."

Non-GAAP Financial Measures

This release includes non-GAAP operating income, net income, basic and diluted earnings per share and other non-GAAP financial measures. These non-GAAP measures exclude the following items:

- Amortization of purchased intangible assets
- In-process research and development capitalization and amortization and
- Equity-based compensation expense

Magic's management believes that the presentation of non-GAAP measures provides useful information to investors and management regarding financial and business trends relating to the Company's financial condition and results of operations as well as the net amount of cash generated by its business operations after taking into account capital spending required to maintain or expand the business.

These non-GAAP financial measures are not in accordance with, or an alternative for, generally accepted accounting principles and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles. Magic believes that non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with Magic's results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate Magic's results of operations in conjunction with the corresponding GAAP measures. Please refer to the Reconciliation of Selected Financial Metrics from GAAP to Non-GAAP tables below.
