

**Financial statements**

**June 30, 2021**

- This document has been prepared by Mizrahi-Tefahot Bank Ltd (UMTB) solely for use at the company's presentation. The information contained in this document constitutes information from the bank's 2021 quarterly reports and/ or immediate reports, as well as the periodic, quarterly and annual reports and/or immediate reports published by the bank in previous years.
- Accordingly, the information contained in this document is only partial, is not exhaustive and does not include the full details regarding the bank and its operations or regarding the risk factors involved in its activity and certainly does not replace the information included in the periodic, quarterly or immediate reports published by the bank. In order to receive the full picture regarding the bank's 2021 quarterly reports, the aforesaid reports should be perused fully, as published to the public.
- None of the company, or any of their employees or representatives shall have any liability whatsoever (in negligence or otherwise) for any loss howsoever arising from any use of this document or its contents or otherwise arising in connection with this document.
- The bank's results in practice may be significantly different from those included in the forecasting information, as a result of a large number of factors, including, inter alia, changes in the domestic and global equity markets, macro-economic changes, geo-political changes, legislation and regulation changes, and other changes that are not under the bank's control, which may lead to the estimations not realizing and/or to changes in the business plans.
- The forecasting information may change subject to risks and uncertainty, due to being based on the management's estimations regarding future events, which include, inter alia: global and local economic development forecasts, particularly regarding the economic situation in the market, including the effect of macro-economic and geo-political conditions; expectations for changes and developments in the currency and equity markets; forecasts related to other various factors affecting exposure to financial risks; forecasts with respect to changes to borrowers' financial strength, public preferences, changes in legislation and the provisions of regulators, competitors' behavior, the status of the bank's perception, technological developments and human resources developments.
- This document does not constitute an offer to sell, or a solicitation of an offer to buy, or a recommendation of any kind regarding any security or any interest in security.
