## **Nayax Announces the Completion of a Notes and Warrants Offering in Israel**

**HERZLIYA, Israel, December 10, 2025** — **Nayax Ltd. (Nasdaq: NYAX; TASE: NYAX)** (the “Company”) announced today, further to its announcements of December 7, 2025 and December 8, 2025, that the Company completed an offering in Israel by way of the expansion of its Series A Notes and Series 1 Warrants (the “Notes” and the “Warrants”, respectively and together, the “Securities”).

### ***General***

The Securities were offered in units, with each unit consisting of NIS 1,000 principal amount of Notes and three Warrants, with each such warrant exercisable into one ordinary share of the Company (the “Unit”). The Securities were offered by way of expansion of the Company’s existing Series A Notes and Series 1 Warrants, which were first listed for trading on the TASE pursuant to the shelf offering report dated March 9, 2025 (ISA Reference No. 2025-02-015587) (the “Shelf Offering Report”). The Company sold a total of 518,381 Units at a price of NIS 1,091 per Unit, for aggregate gross proceeds to the Company of NIS 565.6 million (approximately \$176 million) (the “Offering”). The Offering was oversubscribed by 13.98%, such that qualified investors under Israeli law were allotted 87.73% of their orders pursuant to their early commitment. The Notes and the Warrants will be listed for trading on the Tel-Aviv Stock Exchange.

### ***Use of Proceeds***

The net proceeds from the Offering, after deduction of commissions, fees and expenses, will be approximately NIS 558.4 million (approximately \$173.1 million). The Company intends to use the net proceeds of the Offering for general corporate purposes including potential acquisitions.

### ***The Terms of the Notes***

The Notes are non-linked, bear a fixed annual interest rate of 5.9%, and will mature on September 30, 2030. The interest rate of the Notes will be adjusted upwards if (a) the Company's Equity shall be less than \$100 million, (b) the Equity / Assets Ratio (as defined below) shall be less than 24% and (c) the Company's Revenues (as defined in the Indenture) shall be less than \$170 million. The principal of the expansion of the Notes will be repaid in four annual unequal payments commencing in September 2027 through September 2030. The first and second installments each shall be equal to 10% of the principal amount (approximately NIS 51.8 million or \$16.1 million each), and the third and fourth installments each shall be equal to 40% of the principal amount (approximately NIS 207.3 million or \$64.5 million each).

As the offering of Notes is made by way of expansion of the Company’s existing Series A Notes, the Covenants, Restrictions on Distributions and Events of Default applicable to the Notes shall be identical to those set forth in the Company’s Shelf Offering Report.

### ***The Terms of the Warrants***

Each Warrant is exercisable into one ordinary share of the Company, at an exercise price of NIS 177.80, which is subject to adjustments to changes in the NIS-to-USD exchange rate. As of today, the exercise price is NIS 158.16, which represents a premium of approximately 22% over the closing price of the Ordinary Shares on December 9, 2025. The Warrants will expire on March 31, 2027.
