Nature of the Event:

Receipt of a Demand for Indemnification

1.

The Company hereby announces that on January 16, 2026, BA LINK LTD, a subsidiary of the Company whose main operations are overseas (the "subsidiary"), received a letter from a client of the subsidiary (the "foreign supplier"), which is a foreign software house serving as a supplier to a foreign company (the "foreign company"). According to the letter, the foreign company is demanding from the foreign supplier compensation in the amount of EUR 45 million for alleged damages caused to the foreign company due to a data leak event and is demanding that the supplier immediately initiate a mediation process concerning the matter. Within the aforementioned letter, the foreign supplier informed the Company that it denies its responsibility for the alleged damages and demands from the subsidiary full indemnification for the event by virtue of the subcontractor agreement signed between the subsidiary and the foreign supplier (the "subcontractor agreement"), including in connection with potential liability for the claim by the foreign company.

The subsidiary rejects the claim of its responsibility for the aforementioned event.

It is noted that under the subcontractor agreement (to which the Company is not a party), the liability of the subsidiary towards the foreign supplier, which as stated is rejected by the subsidiary, is limited to a maximum damage amount of EUR 8 million.

It is further noted that the Company has notified its insurance company regarding this matter.
