Explanations:

1. If the change affects more than one security, the effect of the change must be detailed in a separate row for each security.
 2. Date of change – all changes of the same type, in the same security, executed on one day, will be summarized in one row. For this purpose – changes executed via the TASE clearing house must be separated from those executed directly in the company's books.
 3. The change – for a decrease, add the sign "-".
 4. In all quantity fields, the quantity of securities must be entered, not the par value in NIS.
