PROXY STATEMENT

INTRODUCTION

This proxy statement and the accompanying proxy are made available by Pluristem Therapeutics Inc., or the Company, to the holders of record of the Company's outstanding shares of Common Stock, \$0.00001 par value per share, or Common Stock, commencing on or about March 26, 2014. The accompanying proxy is being solicited by the Board of Directors of the Company, or the Board, for use at the annual meeting of stockholders of the Company, or the Meeting, to be held on the 22 day of May 2013 at 5:00 p.m. local time, at our offices, Matam Advanced Technology Park Building No. 5, Haifa, Israel, 31905 and at any adjournment or postponement thereof. The cost of solicitation of proxies will be borne by the Company. The Company may engage a broker or similar person to assist in the solicitation of proxies and provide related advice and informational support for a service fee, plus customary disbursements. Directors, officers and employees of the Company may also assist in the solicitation of proxies by mail, telephone, telefax, in person or otherwise, without additional compensation. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting materials to the owners of stock held in their names and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials.

The Board has fixed March 26, 2014 as the record date for the Meeting. Only stockholders of record on March 26, 2013, or the Record Date, are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. On March 26, 2014, there were issued and outstanding 67,815,237 shares of Common Stock. Each share of Common Stock is entitled to one vote per share.

The Company's Bylaws provide that a quorum shall consist of the holders of at least thirty three and one third percent (33 1/3%) of the stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy at the Meeting. If such quorum shall not be present or represented, the stockholders entitled to vote thereat, present in person or represented by proxy, shall have the power to adjourn the meeting, without notice other than announcement at the meeting, until a quorum shall be present or represented. Abstentions may be specified on all proposals. Abstentions will be counted as present for purposes of determining a quorum and will be counted as not approving the proposal in question. Submitted proxies which are left blank will also be counted as present for purposes of determining a quorum, but are not counted for purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome.

The affirmative vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall be sufficient for the election of each of the director nominees, and for the approval of any other business which may properly be brought before the Meeting or any adjournment or postponement thereof.

All shares of Common Stock represented in person or by valid proxies received by the Company prior to the date of, or at, the Meeting, and not revoked, will be voted as specified in the proxies or voting instructions. Votes that are left blank will be voted as recommended by Board. With regard to other matters that may properly come before the Meeting, votes will be cast at the discretion of the proxies.

Broker non-votes occur when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed "non-routine." Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be "routine," but not with respect to "non-routine" matters. In the event that a broker, bank, or other agent indicates on a proxy that it does not have discretionary authority to vote certain shares on a non-routine proposal, then those shares will be treated as broker non-votes. All proposals, except for Proposal No. 3, are non-routine proposals; therefore, your broker, bank or other agent is not entitled to vote your shares on Proposals No. 1 and 2 without your instructions.

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

Notice of Internet Availability of Proxy Materials

In accordance with rules and regulations of the Securities and Exchange Commission, or the SEC, instead of mailing a printed copy of our proxy materials, which consist of this proxy statement, proxy card, notice of annual meeting, and our annual report to stockholders on Form 10-K for the fiscal year ended June 30, 2013, or Fiscal 2013, respectively, to each stockholder of record, we may furnish proxy materials via the internet. Accordingly, all of our stockholders of record as of the Record Date will receive a notice of internet availability of proxy materials. The notice of internet availability of proxy materials will be mailed on or about April 3, 2014.

On the date of mailing the Notice of Internet Availability of Proxy Materials, stockholders will be able to access all of the proxy materials on a website at <http://www.astproxyportal.com/ast/15665/>. The proxy materials will be available free of charge. The notice of internet availability of proxy materials will instruct you as to how you may access and review all of the important information contained in the proxy materials over the internet. The website contains instructions as to how to vote by internet. The Notice of Internet Availability of Proxy Materials also instructs you as to how you may request a paper or email copy of the proxy card. If you received a Notice of Internet Availability of Proxy Materials and would like to receive printed copies of the proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

IMPORTANT: If your shares are held in the name of a brokerage firm, bank, nominee or other institution, you should provide instructions to your broker, bank, nominee or other institution on how to vote your shares. Please contact the person responsible for your account and give instructions for a proxy to be completed for your shares.

Our website address is included several times in this proxy statement as a textual reference only and the information in our website is not incorporated by reference into this proxy statement.

The Board recommends a vote FOR the election of each of the director nominees named above.

PROPOSAL NO. 2 – AMENDMENT TO THE COMPANY’S AMENDED AND RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Proposed Amendment

The Company’s Amended and Restated Articles of Incorporation, or the Articles, presently authorize the Company to issue 100,000,000 shares of Common Stock, par value \$0.00001 per share and 10,000,000 shares of Preferred Stock, par value \$0.00001 per share.

The Board has unanimously approved, and unanimously recommends that our stockholders approve, a proposal to amend Article FOURTH of our Articles to increase the number of authorized shares of Common Stock from 100,000,000 shares to 200,000,000 shares. The full text of Article FOURTH of the Articles as proposed to be amended by this proposal is as follows:

“The aggregate number of shares which the corporation shall have authority to issue is: (i) Two Hundred Million (200,000,000) shares of Common Stock, par value \$0.00001 each (the “Common Stock”), and (ii) Ten Million (10,000,000) shares of preferred stock, par value \$0.00001 each, which may be issued in one or more series at the discretion of the Board of Directors (the “Preferred Stock”). The Board of Directors is hereby vested with authority to fix by resolution or resolutions the designations and the powers, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, including without limitation the dividend rate, conversion or exchange rights, redemption price and liquidation preference, of any series of shares of Preferred Stock, and to fix the number of shares constituting any such series, and to increase or decrease the number of shares of any such series (but not below the number of shares thereof then outstanding). In case the number of shares of any such series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution or resolutions originally fixing the number of shares of such series. All shares of any one series shall be alike in every particular except as otherwise provided by these Articles of Incorporation or the Nevada Revised Statutes.”

Reasons for and Effect of the Proposed Amendment

The Articles presently authorize us to issue 100,000,000 shares of Common Stock, par value \$0.00001 per share, and 10,000,000 shares of Preferred Stock, par value \$0.00001 per share. We have not issued any shares of Preferred Stock. The Board believes that the proposed increase in the number of authorized shares of Common Stock is in our best interests and that it will provide us with available shares which may be used for various corporate purposes, including equity financings, acquisitions, stock dividends, stock splits, equity awards and convertible debt, in each case, as the Board determines in its discretion. The Board further believes that the increase in the number of authorized shares of Common Stock will enable us to promptly take advantage of market conditions and the availability of favorable opportunities without the delay and expense associated with holding a special meeting of stockholders. Although we believe that we will need to raise additional funds by way of equity sales in the near future, except for existing warrants and options, we presently have no specific plans, arrangements or understandings, either written or oral, to issue any of the additional authorized shares.

Effect on our Stockholders

The increase in the authorized number of shares of Common Stock would allow for the possibility of substantial dilution of our current stockholders, although no dilution will occur as a direct result of the increase in the number of our authorized shares. The degree of any dilution that would occur following the issuance of any additional shares of Common Stock would depend upon the number of shares of stock that are actually issued in the future, which cannot be determined at this time. Issuance of a large number of additional shares could significantly dilute our existing stockholders.

Effect on the possibility of Change in Control with respect to the Company

The existence of a substantial number of authorized and unissued shares of Common Stock could also impede an attempt to acquire control because our Board would have the ability to issue additional shares of Common Stock in response to any such attempt. We are not aware at this time of any attempt to acquire control of the Company, and no decision has been made as to whether any or all newly authorized but unissued shares of stock would be issued in response to any attempt of that kind.

Interests of Our Management in the Proposal

None of our directors or executive officers has any financial or other personal interest in the amendment to our Articles pursuant to this proposal.

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the amendment of the Articles.

The Board recommends a vote FOR the proposal to amend the Company’s Articles.

PROPOSAL NO. 3 — Ratification of the Selection of Kost Forer Gabbay & Kasierer, a Member of Ernst & Young Global, as Independent Registered Public Accounting Firm of the Company for the Fiscal Year Ending June 30, 2014.

Our audit committee, or the Audit Committee, has selected Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, as our independent registered public accounting firm, or the Independent Auditors, for the current fiscal year, subject to ratification by our stockholders at the annual meeting. We do not expect to have a representative of the Independent Auditors attending the annual meeting.

Neither our by-laws, our other governing documents, nor other law requires stockholder ratification of the selection of the Independent Auditors as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of the Independent Auditors to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain the Independent Auditors. Even if the selection is ratified, the Audit Committee in its discretion may decide to appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

The Board recommends a vote “FOR” the ratification of the selection of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, as independent registered public accounting firm of the Company for the fiscal year ending June 30, 2014.

CORPORATE GOVERNANCE

Committees and Meetings of Our Board of Directors

The Board held 10 meetings during Fiscal 2013. Throughout this period, each member of our Board who was a director in Fiscal 2013 attended or participated in at least 75% of the aggregate of the total number of meetings of our Board held during the period for which such person has served as a director, and the total number of meetings held by all committees of our Board on which each the director served during the periods such director served. Our Board has two standing committees: the Compensation Committee and the Audit Committee.

Compensation Committee. The members of our Compensation Committee are Doron Shorrer, Nachum Rosman and Israel Ben-Yoram. Doron Shorrer is the Chairman of the Compensation Committee and our Board has determined that all of the members of the Compensation Committee are “independent” as defined by the rules of the SEC and NASDAQ rules and regulations. The Compensation Committee operates under a written charter that is posted on our website at www.pluristem.com. The primary responsibilities of our Compensation Committee include:

- Reviewing and recommending to our Board of the annual base compensation, the annual incentive bonus, equity compensation, employment agreements and any other benefits of our executive officers;
- Administering our equity based plans and making recommendations to our Board with respect to our incentive–compensation plans and equity–based plans; and
- Annually reviewing and making recommendations to our Board with respect to the compensation policy for such other officers as directed by our Board.

The Compensation Committee meets, as often as it deems necessary, without the presence of any executive officer whose compensation it is then approving. The majority of the members of the Compensation Committee constitutes a quorum and is empowered to act on behalf of the Compensation Committee. The Compensation Committee may delegate any authority granted to it with respect to officer compensation to the Chair or any other member of the Compensation Committee in its sole discretion. Neither the Compensation Committee nor the Company engaged or received advice from any compensation consultant during Fiscal 2013.

Our Compensation Committee held four meetings during Fiscal 2013.

Audit Committee. The members of our Audit Committee are Doron Shorrer, Nachum Rosman and Israel Ben-Yoram. Doron Shorrer is the Chairman of the Audit Committee, and our Board has determined that Israel Ben-Yoram is an "Audit Committee financial expert" and that all members of the Audit Committee are "independent" as defined by the rules of the SEC and the NASDAQ rules and regulations. The Audit Committee operates under a written charter that is posted on our website at www.pluristem.com. The information on our website is not incorporated by reference into this Annual Report. The primary responsibilities of our Audit Committee include:

- Appointing, compensating and retaining our registered independent public accounting firm;
- Overseeing the work performed by any outside accounting firm;
- Assisting the Board in fulfilling its responsibilities by reviewing: (i) the financial reports provided by us to the SEC, our stockholders or to the general public, and (ii) our internal financial and accounting controls; and
- Recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations.

Our Audit Committee held seven meetings during Fiscal 2013.

Nominating/Corporate Governance: Director Candidates.

We do not have a Nominating Committee or Corporate Governance Committee or any committees of a similar nature, nor any charter governing the nomination process. Our Board does not believe that such committees are needed for a company our size. However, our independent directors will consider stockholder suggestions for additions to our Board.

All nominees to the Board are selected and recommended to the Board by a majority of independent directors of the Company. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our independent directors will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight, nor do we have a diversity policy. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders recommending individuals to any of our independent directors. Therefore we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders. In Fiscal 2013, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for our Board. We have not received any recommendations from stockholders for Board nominees. All of the nominees for election at the Meeting are current members of our Board.

Board Leadership Structure. Our leadership structure includes the combined positions of Chairman of the Board and Chief Executive Officer. The Company believes this structure is appropriate for a company of our size and complexity because the Chairman and Chief Executive Officer (a) is most familiar with the Company's business and industry, (b) possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company, and is thus best positioned to develop agendas to ensure the Board's time and attention are focused on matters which are critical to the Company, and (c) conveys a clear, cohesive message to our stockholders, employees and industry partners.

Mr. Zami Aberman serves both as our Chairman of the Board and Chief Executive Officer. In his position as Chairman of the Board, Mr. Aberman is responsible for setting the agenda and priorities of the Board. As Chief Executive Officer, Mr. Aberman leads our day-to-day business operations and is accountable directly to the full Board. As Chief Executive Officer, Mr. Aberman has day-to-day responsibility, together with Mr. Yaky Yanay, our President and Chief Operating Officer and Mr. Boaz Gur-Lavie, our Chief Financial Officer, for our management operations and for general oversight of our business and the various management teams that are responsible for our day-to-day operations. We believe that this structure provides an efficient and effective leadership model for the Company.

Because the Chairman of the Board is also the Chief Executive Officer, the Board has designated an independent director to serve as the lead independent director to enhance the Board's ability to fulfill its responsibilities independently. The Board appointed Doron Shorrer as lead independent director. The lead independent director serves as the liaison between the Chairman and the independent directors.

We believe that the combined role of Chairman and Chief Executive Officer, together with an empowered lead independent director, is the optimal Board structure to provide independent oversight and hold management accountable while ensuring that our Company's strategic plans are pursued to optimize long-term shareholder value.

Risk Oversight. The Board, including the Audit Committee and Compensation Committee, periodically reviews and assesses the significant risks to the Company. Our management is responsible for the Company's risk management process and the day-to-day supervision and mitigation of risks. These risks include strategic, operational, competitive, financial, legal and regulatory risks. Our Board leadership structure, together with the frequent interaction between our directors and management, assists in this effort. Communication between our Board and management regarding long-term strategic planning and short-term operational practices include matters of material risk inherent in our business.

The Board plays an active role, as a whole and at the committee level in overseeing management of the Company's risks. Each of our Board committees is focused on specific risks within their areas of responsibility, but the Board believes that the overall enterprise risk management process is more properly overseen by all of the members of the Board. The Audit Committee is responsible for overseeing the management of financial and accounting risks. The Compensation Committee is responsible for overseeing the management of risks relating to executive compensation plans and arrangements. While each committee is responsible for the evaluation and management of such risks, the entire Board is regularly informed through committee reports. The Board incorporates the insight provided by these reports into its overall risk management analysis.

The Board administers its risk oversight responsibilities through the Chief Executive Officer and the Chief Financial Officer, who, together with management representatives of the relevant functional areas review and assess the operations of the Company as well as operating management's identification, assessment and mitigation of the material risks affecting our operations.

COMMUNICATING WITH OUR BOARD OF DIRECTORS

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Mr. Doron Shorrer, one of our independent directors, our lead director, and the Chairman of our Audit Committee, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to substantive matters and include suggestions or comments that Mr. Shorrer considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Pluristem Therapeutics, Inc., c/o Doron Shorrer, at the address on the first page of this proxy statement.

ATTENDANCE AT SPECIAL AND ANNUAL STOCKHOLDER MEETINGS

We encourage our directors to attend our special and annual stockholders meetings. Mr. Zami Aberman and Mr. Nachum Rosman, two of our directors, attended our last annual stockholder meeting.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of our Board is comprised solely of independent directors as defined by NASDAQ, outside directors as defined by Section 162(m) of the Internal Revenue Code and non-employee directors as defined by Rule 16b-3 under the Exchange Act. The Compensation Committee has the authority and responsibility to review and make recommendations to the Board regarding the compensation of our Chief Executive Officer (CEO) and other executive officers. Our named executive officers for Fiscal 2013 are those two individuals listed in the "2013 Summary Compensation Table" below. Other information concerning the structure, roles and responsibilities of our Compensation Committee is set forth in "Board Meetings and Committees—Compensation Committee" section of our Annual Report.

At our 2013 shareholders meeting, we provided our shareholders with the opportunity to cast an advisory vote on executive compensation. Over 84% of the votes cast on this "2013 say-on-pay vote" were voted in favor of the proposal. We have considered the 2013 say-on-pay vote and we believe that overwhelming support from our shareholders for the 2013 say-on-pay vote proposal indicates that our shareholders are supportive of our approach to executive compensation. At our 2013 shareholders meeting, our shareholders also voted in favor of the proposal to hold say-on-pay votes every two years. In the future, we will continue to consider the outcome of our say-on-pay votes when making compensation decisions regarding the named executive officers.

A discussion of the policies and decisions that shape our executive compensation program, including the specific objectives and elements, is set forth below.

Executive Compensation Objectives and Philosophy

The objective of our executive compensation program is to attract, retain and motivate talented executives who are critical for the continued growth and success of our company and to align the interests of these executives with those of our shareholders. To this end, our compensation programs for executive officers are designed to achieve the following objectives:

- attract, hire, and retain talented and experienced executives;
- motivate, reward and retain executives whose knowledge, skills and performance are critical to our success;
- ensure fairness among the executive management team by recognizing the contributions each executive makes to our success;
- focus executive behavior on achievement of our corporate objectives and strategy;
- build a mechanism of "pay for performance"; and
- align the interests of management and shareholders by providing management with longer-term incentives through equity ownership.

The Compensation Committee reviews the allocation of compensation components regularly to ensure alignment with strategic and operating goals, competitive market practices and legislative changes. The Compensation Committee does not apply a specific formula to determine the allocation between cash and non-cash forms of compensation. Certain compensation components, such as base salaries, benefits and perquisites, are intended primarily to attract, hire, and retain well-qualified executives. Other compensation elements, such as long-term incentive opportunities, are designed to motivate and reward performance. Long-term incentives are intended to reward our long-term performance and executing our business strategy, and to strongly align named executive officers' interests with those of shareholders.

With respect to equity compensation, the Compensation Committee makes awards to executives under our stock option plans and other plans as approved by the Board. Executive compensation is paid or granted based on such matters as the Compensation Committee deems appropriate, including our financial and operating performance, the alignment of the interests of the executive officers and our shareholders, the performance of our Common Stock and our ability to attract and retain qualified individuals.

Elements of Executive Officer Compensation

Our executive officer compensation program is comprised of: (i) base salary or monthly compensation; (ii) performance based bonus; (iii) long-term equity incentive compensation in the form of periodic stock option and restricted stock unit (RSU) grants; and (iv) benefits and perquisites.

In establishing overall executive compensation levels and making specific compensation decisions for our executive officers in 2013, the Compensation Committee considered a number of criteria, including the executive's position, scope of responsibilities, prior base salary and annual incentive awards and expected contribution.

Generally, our Compensation Committee reviews and, as appropriate, approves compensation arrangements for executive officers from time to time but not less than once a year. The Compensation Committee also takes into consideration the CEO's recommendations for executive compensation of the Chief Financial Officer (CFO). The CEO generally presents these recommendations at the time of our Compensation Committee's review of executive compensation arrangements.

Base Salary

The Compensation Committee performs a review of base salaries / monthly compensation for our named executive officers from time to time as appropriate. In determining salaries, the Compensation Committee members also take into consideration their understanding of the compensation practices of comparable companies (based on size and stage of development), especially in Israel, where our named executive officers reside, independent third party market data such as compensation surveys to industry, including information relating to peer companies¹, individual experience and performance adjusted to reflect individual roles and contribution to our clinical, regulatory, commercial and operational performance. None of the factors above has a dominant weight in determining the compensation of our executive officers, and our Compensation Committee considers the factors as a whole when considering such compensation. In addition, our Compensation Committee uses comparative data regarding compensation paid by peer companies in order to obtain a general understanding of current trends in compensation practices and ranges of amounts being awarded by other public companies, and not as part of an analysis or a formula. We may also change the base salary / monthly compensation of an executive officer at other times due to market conditions, as we did in our fiscal year ended June 30, 2011, when the named executive officers participated in a voluntary reduction of their compensation. We believe that a competitive base salary / monthly compensation is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can motivate and reward executives for their overall performance. Base salaries / monthly compensation are established in part based on the individual experience, skills and expected contributions of our executives and our executives' performance during the prior year. Compensation adjustments are made occasionally based on changes in an executive's level of responsibility, company progress or on changed local and specific executive employment market conditions. In Fiscal 2013 (as well as in the fiscal year ended June 30, 2012), our executive officers' salaries and monthly compensation did not change from the previous year as we believe they do not deviate materially from the range of salaries received by our executive officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel. We did not conduct any analysis of salaries and monthly compensation received by our executive officers' respective counterparts in companies in the biotechnology industry and other comparable companies in Israel in the fiscal year ended June 30, 2012 and Fiscal 2013.

¹ In 2011, for example, we collected executive compensation information from the recent SEC filings of Aastrom Biosciences, Inc.; Athersys, Inc.; Protalix BioTherapeutics, Inc.; Cytori Therapeutics, Inc.; Geron Corporation; and Osiris Therapeutics, Inc. We didn't use any comparable data in the fiscal years 2012 and 2013.

Performance Based Bonus

Given the nature of our business, the determination of incentives for our executives is generally tied to success in promoting our company's development. We are continually seeking non-dilutive sources of funding. In addition, a key component of our strategy is to develop and manufacture cell therapy products for the treatment of multiple disorders through collaboration with other companies, such as United, and entering into licensing agreements with such companies, such as the United Agreement or our agreement with CHA. Therefore, in order to reward our executive officers, each of them is entitled to a bonus calculated as a percentage of amounts received by us from non-dilutive funding received, among other things, from corporate partnering and strategic deals (e.g., the United Agreement). This is designed to support our business strategy to enter into multiple license agreements with pharmaceutical companies. The performance based bonus percentages are as follows: Mr. Zami Aberman – 1.5% of amounts received by us from non dilutive funding and strategic deals, and Mr. Yaky Yanay – 1% of such amounts. The difference in the percentage of the performance based bonus was determined based on the Compensation Committee's assessment of the contribution and role of each of our named executive officers in completing the licensing and strategic agreements. In addition, our executives may be entitled, from time to time, to a discretionary bonus that is in the Compensation Committee sole discretion. For instance, in Fiscal 2013, the Compensation Committee resolved, subject to Board approval, the each of Mr. Aberman and Mr. Yanay will be entitled to a cash bonus in the gross amount of \$75,000 due to our performance and achievements, including entering into the TA 100 index, closing of a financing round and completion of the manufacturing facility according to plans.

Long-term Equity Incentive Compensation

Long-term incentive compensation allows the executive officers to share in any appreciation in the value of our Common Stock. The Compensation Committee believes that stock participation aligns executive officers' interests with those of our shareholders. The amounts of the awards are designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level expected to be competitive within the biotechnology industry, as well as with Israeli based companies. We do not have a formula relating to, and did not conduct any analysis of, the level of awards that is competitive within the biotechnology industry and Israeli based companies. In determining the amount of each grant, the Compensation Committee also takes into account the number of shares held by the executive prior to the grant. Awards are made on a discretionary basis and not pursuant to specific criteria set out in advance.

RSU awards provide our executive officers with the right to purchase shares of our Common Stock at a par value of \$0.00001, subject to continued employment with our company. In recent years we granted our executive officers RSU awards. We chose to grant RSU awards and not options because RSU awards, once vested, always have an immediate financial value to the holder thereof, unlike options where the exercise price might be below the current market price of the shares and therefore not have any intrinsic value to the holder thereof. In the past, due to the high volatility of our stock price, options we granted were out of the money, and many of them still are. In addition, because vested RSU awards always have financial value, as opposed to options, we were able to limit the number of securities issued to our executive officers and other employees, directors and consultants. RSUs generally vest over two years. Our officers are entitled to acceleration of the vesting of their stock options and RSUs in the following circumstances: (1) if we terminate their employment, they will be entitled to acceleration of 100% of any unvested options and RSU and (2) if they resign, they will be entitled to acceleration of 50% of any unvested options and RSUs. In addition, our CEO is entitled to an acceleration of 100% of any unvested options and RSUs in the event of change in control. All grants are approved by our Board.

Benefits and Perquisites

Generally, benefits available to executive officers are available to all employees on similar terms and include welfare benefits, paid time-off, life and disability insurance and other customary or mandatory social benefits in Israel. We provide our named executive officers with a phone and a company car which are customary benefits in Israel to managers and officers. Each of our executive officers is also entitled to receive, once a year, a fixed sum equal to the amount of the monthly compensation to such executive officer.

In addition, in the event of termination of our CEO's consulting agreement, he will be entitled to receive an adjustment fee that equals the monthly consulting fees multiplied by 3 plus the number of years the Consulting Agreement is in force from the second year, but in any event no more than nine years in the aggregate; our CFO may be entitled to a severance payment that equals a month's compensation for each twelve-month period of employment or otherwise providing services to the company.

We do not believe that the benefits and perquisites described above deviate materially from the customary practice for compensation of executive officers by other companies similar in size and stage of development in Israel. These benefits represent a relatively small portion of the executive officers' total compensation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and our Annual Report.

Director Compensation Table for Fiscal 2013

The following table provides information regarding compensation earned by, awarded or paid to each person for serving as a director who is not an executive officer during Fiscal 2013:

Name	Fees Earned or Paid in Cash (\$)	Stock-based Awards (\$) ⁽¹⁾	Total (\$)
Mark Germain	16,480	154,000	170,480
Nachum Rosman	26,284	261,800	288,084
Doron Shorrer	27,498	261,800	289,298
Hava Meretzki	22,456	154,000	176,456
Isaac Braun	23,282	154,000	177,282
Israel Ben-Yoram	27,387	261,800	289,187
Moria Kwiatt	23,124	154,000	177,124

(1) The fair value recognized for the stock-based awards was determined as of the grant date in accordance with ASC Topic 718. Assumptions used in the calculations for these amounts are included in Note 2(1) to our consolidated financial statements for Fiscal 2013 included elsewhere in our Annual Report.

We reimburse our directors for expenses incurred in connection with attending board meetings and provide the following compensation for directors: annual compensation of \$12,500; meeting participation fees of \$935 per in-person meeting; and for meeting participation by telephone, \$435 per meeting. On May 17, 2007, the Board decided that the dollar rate would be not less than 4.25 NIS per dollar. The directors are also entitled to two and a half percent (2.5%) in cash based on amounts received by us from non diluting funding and strategic deals.

During Fiscal 2013, we paid a total of \$166,717 to directors as compensation. This amount does not include compensation to Mr. Aberman in his capacity as a director which is reflected in the Summary Compensation Table for Fiscal 2013 above. As of June 30, 2013, the directors (not including the Chairman) held 2,882,145 options, restricted shares and RSUs of which 2,174,018 were exercisable or vested, as the case may be.

The vesting of directors' stock options, RSUs and restricted stock accelerates in the following circumstances: (1) termination of a director's position by the stockholders will result in the acceleration of 100% of any unvested options, RSUs and restricted stock and (2) termination of a director's position by resignation will result in the acceleration of 50% of any unvested options and, RSUs restricted stock.

Other than as described in the preceding three paragraphs, we have no present formal plan for compensating our directors for their service in their capacity as directors. Directors are entitled to reimbursement for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at meetings of our Board. The Board may award special remuneration to any director undertaking any special services on our behalf other than services ordinarily required of a director. Other than indicated above, no director received and/or accrued any compensation for his or her services as a director, including committee participation and/or special assignments during Fiscal 2013.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of our Common Stock, to file reports regarding ownership of, and transactions in, our securities with the SEC and to provide us with copies of those filings. Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons, we believe that during Fiscal 2013, all filing requirements applicable to our officers, directors and ten percent beneficial owners were complied with, except as follows:

Mr. Ben-Yoram Israel, a director, failed to timely file a Form 4 reporting purchases and a sale of the Company's Common Stock in connection with a process of transferring the stock from a trustee account to the director's personal account on May 16, 2013. Mr. Ben-Yoram filed his Form 4 on May 21, 2013 and submitted payment to the Company to disgorge profits he realized from these trades in accordance with Section 16(b) of the Exchange Act.

REPORT OF THE AUDIT COMMITTEE

Based on the foregoing review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report, for filing with the SEC.
